**7,000 See Yule Parade**

A crowd estimated at 7,000 braved the elements Friday night to welcome Santa Claus, who was guest of honor in a parade through downtown East Liverpool.

Forty-seven units participated, with some canceling out at the last moment because of the bad weather. Those who did participate presented a good show for the crowds of children and adults who lined 5th and 6th Sts., sponsors said.

Bundled with heavy clothing to protect them from the driving wind, snow and rain, the crowd cheered the several musical units, floats, marching groups and others. Santa was in an open convertible at the end of the procession, accompanied by two of his Brownies.

The 40-foot community Christmas tree on the Diamond was lighted for the first time, as were the decorative

strands across the streets, to mark the beginning of the parade.

The traditional parade opens the holiday season. It was arranged by the Junior Chamber of Commerce in co-operation with the East Liverpool Merchants Association.

The Jaycee clowns performed along the line of march. Jerry Wines and Bill Devon were co-chairmen. John Parsons was parade marshal.

**Chester Soldier Reported As Prisoner Of Viet Reds**

A 25-year-old Chester soldier first reported missing in action after a Viet Cong assault Sunday on a Special Forces base camp in Viet Nam apparently is a prisoner of the Communists, his family was advised in a letter Friday afternoon.

Sgt. George E. Smith "was seen leaving the scene under Viet Cong guard with a slight leg wound and his hands tied," his parents, Mr. and Mrs. Thomas Potts, 255 Carolina Ave., were advised in a letter from Col. Herbert F. Royce, commanding officer of the Fifth Special Forces Group at Ft. Bragg, N. C.

THE FAMILY received the first word Wednesday — a telegram which said simply that Sgt. Smith was listed as missing in action following the Red assault. He also was wounded in a Viet Nam guerrilla attack in July, shortly after arriving in the country as a member of the military advisory team.

The family speculated that the leg wound mentioned in Col. Royce's letter actually was the

reopening of the wound Sgt. Smith suffered in July.

He was one of four Americans listed as missing after the Viet Cong overran the strike force camp at Hiep Hoa, 18 miles west of Saigon. According to earlier reports, 37 Viet soldiers were killed and 27 persons were wounded, including an American officer.

Col. Royce's letter, addressed to Mrs. Lucille Potts, said "every possible effort is being made by American and Viet Namese forces to determine the whereabouts and status of your son."

THE OFFICER praised the Chester soldier for his "superior" performance of duty and said members of the organization join the family in praying for his return.

Here is the text of Col. Royce's letter:

"I know that you already have been informed that your son, Sgt. George Smith, was officially listed as missing in action in Viet Nam Nov. 24.

**Council Eyes Salary Hikes In New Term**

Members of Council who take office Jan. 1 will receive \$25-a-month pay increases under an ordinance scheduled for consideration Monday night by the present councilmen, at least four of whom will be retiring Dec. 31.

Other ordinances scheduled for presentation Monday night would give pay boosts to Solicitor Joseph W. Cooper, Treasurer Bert A. Dawson and seven clerical employees at City Hall who were not included in general raises enacted in December 1962.

The Council salary ordinance would hike the seven members from the present \$75 monthly to \$100 and boost the president's pay from \$100 to \$125.

Giving the solicitor the first increase since 1953, the legislation would move his salary from \$3,400 to \$4,200. The treasurer, who has not had a boost since 1959, would be hiked from \$1,320 to \$1,600 a year.

Other positions listed for increases are: The clerk in the mayor's office; the safety-service director's stenographer, the second assistant clerk in the

**Women Reported As 'Critical' After Hancock Accident**

Two Allegheny County women were injured critically when the car in which they were passengers collided with a truck Friday at 11:20 a.m. on the Route 30 Chester Hill.

The crash on a curve also injured the driver of the car, Hancock County sheriff's deputies reported.

Deputies said the westbound 1963 model Valiant of Raymond Corney, 27, of McKees Rocks went left of center and struck the eastbound 2-ton truck of Phillip Thomas Koontz, 27, of Richmond, Ohio.

The collision happened on a curve downhill from the Terrace Lanes bowling alley, and the grade was wet and slushy from yesterday's snow, deputies said.

Gorney suffered a possible cerebral concussion, abrasions of the head and both hands, severe abrasions of the chest, a possible crushed chest, possible rib fractures, possible fracture of the right leg, and a laceration of the left index finger. He was in "fair" condition in City Hospital.

The women, passengers in Gorney's car, which was demolished, are:

Lucille Norris of Glenwillard, Pa., who suffered abrasions and contusions of the left forehead, lacerations of the left front of the head, a cerebral concussion, fractures of the neck and abrasions and contusions of both legs.

Wilma Gray, 60, of Pittsburgh, who sustained a cerebral concussion, severe laceration of the lower lip, fracture and dislocation of the left knee and contusions and possible fracture of the pelvis.

Both women were listed in "critical" condition in the hospital.

Deputies said Koontz, driving a 1960 model GMC truck loaded with candy bars, escaped unhurt. There was \$300 damage to the vehicle.

A charge of driving left of center has been filed against Koontz.

**Chester House Fire Causes \$2,000 Loss**

Damage was estimated at \$2,000 in a fire early today at the home of Mrs. Geraldine Newlen of 3d St. Ext., Chester. The blaze, which broke out about 2 a. m., damaged the living-room and an upper bedroom of the two-story frame.

Chief Clark Lively of the Lawrenceville fire department said the cause was not determined immediately but it apparently started around the base of an exterior chimney, then burned to the top of the house.

Mrs. Newlen and three sons ranging in age from 8-13 escaped without injury. Another son was at work.

The blaze was reported by a neighbor, Ralph Coleman. Eleven firemen responded to the call. The loss was not insured.

**Truck Fire Survivor In 'Poor' Condition**

William Perry Anderson, 27, of 1063 Hillcrest Rd., Wellsville, was in "poor" condition today at Salem City Hospital with severe burns of the body received when his dump truck overturned and burst into flames along McCormick Rd. about three miles northeast of Highlandtown Thursday afternoon.

His brother, Charles Anderson, 19, was burned to death. Dr. Roy Costello, deputy Columbiana County coroner, today ruled the death "accidental."

Services and burial are being arranged in Sistersville for the victim.

**Terrorists Wound Three, Burn Buses In Caracas**

CARACAS, Venezuela (AP)—Castroite terrorists wounded five pedestrians, burned three buses, scattered tacks in the streets and blew up a gas line today in their effort to scare voters away from Sunday's presidential election.

Leaflets strewn about Caracas by the Armed Forces for National Liberation (FALN), an underground terrorist organization, warned the city's population of 1.5 million to stay indoors until Monday or face the possibility of being shot.

Gun battles between FALN bands and police broke out in slum districts but traffic in the downtown area of Caracas was only slightly less than normal.

Street cleaning vehicles roamed about the city scooping up tacks thrown down by terrorists in an attempt to keep motorists home.

Workmen, meanwhile, restored power to the southern edge of the city where saboteurs bombed two electrical substations Friday night.

One policeman in a patrol car

was wounded by snipers firing from ambush.

Elsewhere, 23 bombs exploded or were detected during the night in the city of Coro, capital of guerrilla-plagued Falcon state. Police reported only slight damages.

Despite the threats of the FALN, thousands of Venezuelans followed campaign caravans around Caracas early today in defiance of the threats of violence.

The seven presidential candidates campaigned right up to the midnight deadline. One of them will succeed president Romulo Betancourt.

The FALN is trying to frighten the population from voting and thus gain a legal basis for declaring the election invalid. Venezuelans paid little attention to the threats.

Still ringing in the voters' ears was Betancourt's charge that Fidel Castro's Cuba had committed aggression against Venezuela by supplying the FALN with over three tons of arms.

The arms were discovered

buried in a beach near Caracas Nov. 2.

Cuba and its Soviet allies claim the charge was a "provocation" against CPO but the United States and most of the Latin-American nations are siding with Betancourt.

Betancourt is constitutionally prevented from succeeding himself, but the candidate of his Democratic Action party, Raul Leoni, is believed a sure winner. There was doubt, however, if the party could win a congressional majority without which stable government may be difficult.

The FALN continued holding Col. James K. Chenault, deputy chief of the U.S. military mission, and threatened to harm him unless the government releases 71 terrorists, including six that were arrested after they hijacked a plane and flew to Trinidad Thursday.

The terrorists, who abducted Chenault from outside his house Wednesday, originally promised to release him unharmed to day.

**So Nation, World Will Know Facts**

**Chief Justice Heads Panel To Probe Kennedy Death**

WASHINGTON (AP)—President Johnson has named a top-level panel to investigate the assassination of President John F. Kennedy so that the nation, the world and history will know the facts.

That was Johnson's mandate to the special presidential commission named Friday night. He chose Chief Justice Earl Warren to head it.

Johnson was understood to be determined to avoid multiple inquiries that could cloud the facts about the murder of Kennedy in Dallas a week ago Friday and the shooting two days later of the man police charged with killing the President.

The new President said he had chosen the commission "to study and report upon all facts and circumstances relating to the assassination of the late President John F. Kennedy and the subsequent violent death of the man charged with the assassination."

That man was Lee Harvey

Oswald, 24, a self-styled Marxist. Oswald, accused of shooting the president from ambush as Kennedy motored through downtown Dallas, was himself gunned down in the city police station last Sunday as he was about to be transferred to the County Jail.

A night club operator named Jack Ruby has been indicted for the point-blank shooting of Oswald.

In addition to Warren, Johnson named these six to the commission: Sen. Richard B. Russell, D-Ga.; Sen. John Sherman Cooper, R-Ky.; Rep. Hale Boggs, D-La.; Rep. Gerald R. Ford, R-Mich.; former Central Intelligence Agency Director Allen W. Dulles, and onetime disarmament negotiator John J. McCloy.

The President signed an executive order authorizing the commission to subpoena witnesses and granting it other powers it might need to investigate.

Johnson talked with each member of the commission before announcing its creation. He set no time limit on its inquiry, and White House sources said Warren will decide when the commission will go to work.

Boggs had proposed a bill to set up a House-Senate committee to investigate the slaying. It was one of a handful of measures calling for special committee inquiries into the assassination of Kennedy and the shooting of Oswald.

However Friday night Sen. James O. Eastland, D-Miss., chairman of the Senate Judiciary Committee which had made preliminary plans for an investigation, said: "You couldn't have a Senate investigation and a presidential commission at the same time. I favor what the President is doing."

A court of inquiry convened by Texas Atty. Gen. Waggoner Carr also will look into the case.

**Relations With President Good**

**Rusk Seen More Secure Of Post Than Colleagues**

WASHINGTON (AP)—The view in capital circles is that Secretary of State Dean Rusk's position in President Johnson's new administration is probably more secure than that of any of his colleagues.

Johnson has asked everyone in the late President John F. Kennedy's Cabinet to remain. Rusk is determined to continue to serve as secretary of state as long as the President needs him, his associates say.

Relations between the two men were always good. They seem to be on the same wavelength, as Rusk's associates explain it.

There is probably no completely satisfactory explanation for why two men have confidence in each other.

But there was one tangible reason for the rapport between the two. Rusk, a scholar, refused to accept the theory that the vice presidency is an office with few obligations and with

rather vaguely defined rights. He believed that the vice president must be thoroughly briefed on foreign affairs to be ready to take over in an emergency.

The secretary not only advocated this theory, but did something unprecedented. He established at the State Department a separate office, headed by a foreign service officer whose title was foreign affairs aide to the vice president.

For almost three years, this office kept Johnson informed about foreign policy issues, showing him the important diplomatic cables and briefing him on all developments.

Rusk persuaded Johnson to make frequent trips to other continents, including the visit to West Berlin almost immediately after the Communists built the wall dividing the city.

Rusk, with five other members of the cabinet, was on his

**Montreal Vicinity Scene Of Nation's Worst Air Tragedy**

STE. THERESE DE BLAINVILLE, Que. (AP)—Workers toiled in clinging mud over a quarter-mile area today to recover the bodies of 118 persons killed in Canada's worst aviation disaster, the crash of a Trans-Canada Air Lines DC8 jet.

The big U.S.-built plane, in service only 10 months, caught fire and plunged to earth Friday night just four minutes after taking off in heavy rain and high wind from Montreal's Dorval Airport for a 300-mile flight to Toronto.

There were no survivors. It was the world's second worst single plane tragedy.

Witnesses said the plane exploded, but disagreed as to whether the blast came while it was still airborne or after it plowed into the ground outside Ste. Therese de Blainville, a factory town 20 miles north of Montreal.

The plane dug a crater 90 feet wide and 6 feet deep. The rain quickly filled the huge hole with water.

Troops were called out to guard the wreckage. Hastily erected lights gave an eerie aspect through the night to shattered bodies, half-buried personal possessions and broken remains of the airliner.

Dawn broke gray and rainy. Two of the victims appeared to be Americans.

An official casualty list named R. Kerne, 1491 East 18th St., Brooklyn, N.Y., and Mrs. S. Hankovszky, whose next of kin was identified as Dr. C. H. Hankovszky, Box 72, Port Washington, N.Y.

One man, N. Master, was reputed to have connections in Bombay, India.

All of the seven-member crew and the rest of the passengers were Canadians. The pilot was Capt. Jack D. Snider, 47, of Toronto, a veteran of World War II service with the Royal Canadian Air Force.

Among the Canadians killed was Don Hudson, supervising producer of light entertainment for the Canadian Broadcasting Corp.

Also killed was Charlie Stone of Montreal, a former co-owner of the Montreal Alouettes in Canada's Eastern Football Conference.

Another sports figure who perished was Joseph C. King, a football star at the University of Western Ontario in the early

**Rifle Slayer Ordered Into Institution**

NEW CUMBERLAND — Robert M. Young, 34, charged with the rifle slaying of a neighbor Aug. 3, was ordered committed to Weston State Hospital Friday by Judge James G. McClellan in action in Hancock County Circuit Court.

The defendant is to undergo psychiatric treatment and will stand trial when pronounced mentally fit by the examiners.

Prosecuting Atty. Floyd R. Tarr said tests by psychiatrists indicated Young was "well at the time of the shooting, but is presently not capable of conducting a proper defense."

Young's trial, slated Dec. 11, will be postponed until his release from the hospital, Tarr said.

Young was indicted by the September Grand Jury in connection with the killing of George Merklich, 49. They resided on Wiley Ridge Rd. near New Cumberland.

## XVIII Satellite

### Expected To Fall Short Of Goal

WASHINGTON (AP)—In the news from Washington:

**FALLS SHORT:** The Explorer XVIII satellite is expected to fall some 15,000 miles short of its intended distance in space, but space officials say its orbit will produce the expected data on radiation dangers on the path toward the moon.

The National Aeronautics and Space Administration said Friday the satellite, launched Tuesday from Cape Canaveral — now Cape Kennedy — would attain a distance of 122,800 miles instead of the intended 137,000 miles from earth.

The Explorer will be in an orbit that will take four days to complete and that will bring it within 120 miles of the earth.

**WHEAT DEAL STALLED:** Negotiations for the sale of \$250 million of American wheat to the Soviet Union have stalled, and the chief Soviet negotiator has gone home.

Despite the return to the Soviet Union Wednesday of Sergei A. Borisov, head of the Soviet group, State Department officials said Friday they knew of no indication the talks had been broken off.

Leonid Matveyev, head of a second Soviet group that negotiated directly with American dealers, has gone to Canada, apparently either to supervise the shipping of Canadian wheat bought earlier by the Russians or to try to make a new deal.

**CHURCHILL:** A statue of Sir

Winston Churchill is going to be set up in Washington.

The Washington branch of the English Speaking Union said Friday on the day before the British statesman's 89th birthday that the statue, showing Churchill making his V-for-victory sign with the right hand and holding a cigar in the left, will be placed in front of the British Embassy.

Americans will be asked to contribute toward the cost of the statue. The statue of Franklin D. Roosevelt in London's Grosvenor Square was paid for by small contributions from his British admirers.

**MRS. JOHNSON:** Mrs. Lyndon B. Johnson has taken the first step to turn over to trustees her controlling interest in a Texas radio and television station.

The First Lady owns 313 shares, or 52.8 per cent of the stock in the LBJ Co. which owns and operates Station KTBC, an AM and FM radio and television station in Austin.

Mrs. Johnson's attorney filed an application with the Federal Communications Commission Friday to transfer her stock to A. W. Moursand and J. W. Bullion of Johnson City, Tex., who already hold 184 shares in trust for the President's two daughters, Lynda Bird and Lucy Baines Johnson.

The application said Mrs. Johnson already had resigned as chairman of the board of the company and would have no further voice in its management.

## Pall Of Sorrow Hangs Over Cape Cod Resort

HYANNIS PORT, Mass. (AP) — A pall of sorrow hung over this Cape Cod seaside resort today where Jacqueline Kennedy, widow of the assassinated president, remains secluded with her parents-in-law and other members of the bereaved Kennedy family.

The Kennedys stayed close to the compound Friday as a driving rain, whipped by a south-easterly gale, lashed Cape Cod.

The rain forced cancellation of a plan to take a dozen or so grandchildren of former Ambassador and Mrs. Joseph P. Kennedy to the town's Memorial Skating Rink. The Kennedy Foundation gave the rink as a memorial to the Kennedys' oldest son, Joseph P. Jr., killed in World War II in a naval bomber flight over the English Channel.

The mother of the late president drove to Boston to see her mother, Mrs. John F. Fitzgerald, 94. The latter has not been told of the assassination of her grandson president a week ago Friday.

Condolences continued to pour into the Kennedy home from all parts of the world.

Postal officials reported they had handled more than 150,000 letters, and Western Union said that thousands of telegrams had been received.

Flags are at half staff, and black crepe drapes public buildings in the town. But arches of colored Christmas lights were turned on Friday night in the business section of nearby Hyannis, the largest shopping center on Cape Cod.

Sen. Edward M. Kennedy, brother of the late president, said his father intends to leave next week to spend the winter in Palm Beach, Fla.

Jacqueline Kennedy has asked for designs for her husband's tomb in Arlington National Cemetery. She visited the grave site with architect John Carl Warneke, a Kennedy-appointed member of the government's Commission of fine arts in Washington.

## President Given Backing In Wire Of Pottery Union

The International Brotherhood of Operative Potters said today it has wired a pledge of support to President Lyndon B. Johnson after telegraphing condolences to the family of John F. Kennedy.

The wire to the new President extended "the warmest good wishes, the sincere loyalty and support of the officers and members" of the IBOP. It added that the international union "believes and hopes the administration's policies and program will strengthen this great nation and benefit the

common people everywhere." To the family of the late President, the union wired in part: "We supported and were devoted to his leadership and program for the common people throughout the world and held him in the highest regard as a very cordial friend personally."

Both wires were signed by E. L. Wheatley, IBOP president. He said the flag at the union headquarters will remain at half staff during the 30-day mourning for the late president.

## Trial For Kennedy's Accused Killer Urged

PALO ALTO, Calif. (AP)—A newspaper proposed today that the accused assassin of President John F. Kennedy be given a regular trial — even though he is dead — to bring out all facts in the case.

The afternoon Palo Alto Times noted in an editorial that Lee Harvey Oswald, accused of shooting Kennedy, must be presumed innocent until proved guilty.

Iceland's largest industrial plants include an ammonium nitrate factory and a cement factory.

# Driver Cited Among 4 Of City Mishaps

One motorist was cited by police as the aftermath of four city traffic mishaps Friday.

Police charged Paul Montgomery, 24, of 2603 St. Clair Ave. with failing to stop within the assured clear distance after a collision at 5 p.m. at Walnut St. and Bradshaw Ave.

Officers said a station wagon operated by Garmen Swiger, 43, of 401 Azalea Ave. was headed north and had stopped for the traffic signal when hit in the rear by the Montgomery car.

Changing lanes was blamed for the other accidents, police said.

A collision at 7:15 p.m. at W. 6th St. and Peach Alley involved autos operated by William A. Winland, 22, of Columbus and Margaret Huddleston of Rose Hill, Ill.

The woman told officers she was headed east and pulled from the right to left lanes when she saw a halted auto and failed to see the Winland car in the left lane.

Winland was driving a car owned by Sidney F. Winland, 1208 Commerce St., Wellsville, officers said.

A collision on W. 8th St. near Edwards Ave. at 12:34 p.m. damaged sedans driven by George W. Tice, 62, of Hammondsville and Augustus L. Bormuth, 82, of 908 Fairview St.

Tice told police he had been following the elderly man in the right lane. When Bormuth pulled into the left lane, Tice said he started to pass and Bormuth then turned right. Bormuth claimed he was making a right turn when struck by the Tice auto.

A witness identified by police as George Smith Jr., rear 209 W. 2nd St., agreed with Tice, officers said.

A southbound car operated by Elbert M. Allison, 25, of Chester R. D. 1 was damaged when struck by a truck at 10:37 a.m. at the intersection of Walnut and E. 5th St.

Archie R. Beaver, 39, of Lisbon R. D. 2 told police he was in the center lane and then decided to change lanes to make a right turn and the truck struck the Allison car which also was turning.

## Salem Man Given Reformatory Term

LISBON — A Salem man was sentenced Friday by Common Pleas Judge Joel H. Sharp for violating terms of his probation.

Ryan Voogla, 25, received 1-20 years at the Mansfield Reformatory for forgery. Voogla received five years probation July 18 after he pleaded guilty to signing the name of Evald Tolla to obtain merchandise at a store in Salem.

He was cited by probation Officer Richard Rose when he failed to make payments as ordered by the court.

# Children Greet Santa In Midland

This youngster with his mother greeted the arrival of Santa, shown with Tinker Bell, as part of Midland's Christmas parade Friday night although the bad weather cut attendance and participating units in the annual event sponsored by the Midland Area Chamber of Commerce.

Midland Girl Scout Troop 167 won the \$25 first prize for the best float and the Ronnie Boston dance group won \$25 as the best twirling group.

Industry Brownie Troop 194 received \$15 as the best marching group. The Beaver County Voiture 738, of the 40 and 8 Society will also receive a \$10 prize for its locomotive entry.

Judges were Councilman Lester Trainer, Mrs. R. D. Paisley, editor of the Midland News, and Mrs. John Wadingham, president of Midland American Legion Post 481 Auxiliary.

The Christmas street light-

ing was turned on by the "Magic wand" of Tinker Bell, Debra Ann Migliore, 8, daughter of Mr. and Mrs. Anthony Migliore of Virginia Ave., as the parade moved over Midland Ave.

The annual parade served as the "kick-off" for the Midland shopping season.

Traffic was handled by Midland police and Civil Defense auxiliary police, while several firemen assisted Chamber members in distributing some 750 treats to area youngsters.

try forfeited a \$15 bond for failure to register a vehicle.

Peter A. Russell, 957 Main St., Wellsville, pleaded innocent to a charge of passing at an intersection and the case was continued to Monday.

Forty attended a traffic school held for violators who had portions of their fines suspended during the month. Patrolman E. E. Johnson of the State Highway Patrol at Lisbon screened a movie and spoke on the hazards of winter driving.

Gorney, according to the office of Sheriff Joseph H. Manypenny.

Some \$500 damage resulted to the car of a Weirton area Marine when he lost control and crashed on slippery Route 22, nine miles east of Florence Friday night about 9:30.

The Carnegie Barracks of the Pennsylvania State Police said Pvt. Albert Leasure, 20, who is stationed at Camp Lejeune, N.C., was on his way home at Weirton R. D. 1 for the Thanksgiving holiday. Heading west, his car slid on ice, veered to the opposite side of the road and sheared off a utility pole.

He was uninjured but a passenger, Veronica Leasure, 20, was treated later at the Weirton General Hospital.

## Japan Enters Protest

TOKYO (AP) — Japan protested to the Soviet Union today a Russian decision to use a section of the Pacific to enable them to conduct booster rocket tests.

The Japanese foreign ministry handed Soviet Minister A. A. Rozanov a note saying the Japanese reserved a right to seek compensations for any losses of damages incurred by Japanese as a result of the tests.

## Burglars Get Whisky, Cash

Eight fifths of whisky, about 100 packs of cigarettes and over \$26 in cash were stolen by burglars at Roy's Bar, 755 Dresden Ave., early this morning.

A \$10 roll of quarters and \$1 in pennies were taken from the cash register and about \$15 in pennies from a box in a cupboard behind the bar, Patrolman Jerry Adkins was told by Roy Blinn of Wellsville, owner.

A cigarette machine was broken open and change was stolen from a pool table and bowling machine, the officer was told.

The front door was jimmied between 3 and 7:57 a. m. to gain entrance, the officer was told.

A 1964 Comet was damaged and a hubcap on a 1964 Mercury was stolen from the Arb Motors lot on Pennsylvania Ave. between Wednesday and this morning, Howard Arb, operator, advised police today.

Meanwhile, Martin Silverman of King's Bargain Center on E. 5th St. said he is unable to estimate the quantity of radios and tape recorders apparently stolen when a thief smashed a big plate glass window early Friday.

Silverman said the loss was not covered by insurance. He said no record had been kept of the radios and recorders placed in the window display.

# Death Claims Widow At 88

WASHINGTONVILLE — Mrs. Dena O. Crothers, 88, widow of Robert A. Crothers, died Friday at 2:30 p. m. at Salem Central Clinic, following surgery performed Sunday.

Mrs. Crothers was born in Pennsylvania to Christopher Krause and Julia Barry Krause, and was married June 3, 1901. Her husband died in 1949 and a son, Robert Crothers, also is deceased.

She leaves three daughters, Mrs. Charlotte Falls of Oberlin, Mrs. Adalaide Weikart of Washingtonville, with whom she resided, and Mrs. Jean Schemmel of Sidney; two sons, Cecil Crothers of Leetonia and Thomas Crothers of West Hartford, Conn.; three sisters, Mrs. Emma Roof of Miami, Fla., Mrs. Millie Crothers of Mineral Ridge, and Mrs. May Sayres of Niles, and nine grandchildren and 13 great-grandchildren.

Services will be held Sunday at 2 p. m. at the Woods Funeral Home in Leetonia by the Rev. Albert Oakes, pastor of the Washingtonville Methodist Church. Burial will be in Oakdale Cemetery, Leetonia.

Friends may call tonight at the funeral home.

## Arthur B. Reed

Arthur Bernard Reed, 53, of Hillcrest Farms, Chester, a World War II veteran, died suddenly of natural causes this morning at 10:25 at City Hospital.

Mr. Reed was born at St. Marys, W. Va., to the late Joseph Reed and Mary E. Reed, and was employed at the Hillcrest Farms for 30 years. He was a member of St. Matthew's Episcopal Church, American Legion Post 121 and the Oak Glen Band Parents Association, all of Chester.

He is survived by his widow, Mrs. Mary Wedgewood Reed, two sons, James A. Reed and Jess Lee Reed, and a daughter, Miss Mary Elizabeth Reed, all at home; another son, Howard D. Reed of LaCresta, Calif.; another daughter, Mrs. Donald (Patricia) Vuletic of East Liverpool; three brothers, Claude D. Reed of Columbiana County, William L. Reed of Chester and Sfc. Jack F. Reed of Grand Forks, N. D.; four sisters, Mrs. Roy (Edith) Hought, Mrs. Jean Shroades, and Mrs. Bobby (Fay) Hought, all of Chester, and Mrs. George (June) Neuch of Newell and four grandchildren. A brother, Ray Reed, died in 1939.

Services will be held Tuesday at 2 p. m. at the church by the Rev. William E. Swing, rector. Burial will be in Locust Hill Cemetery, Chester.

Friends may call at the Arner Funeral Chapel in Chester Sunday and Monday.

## Samuel Mercer

Services for Samuel Thomas Mercer, 74, of Fairview Rd., Chester, will be held Monday at 2 p. m. at the Chester Arner Funeral Chapel.

Earliss Gleaton, minister of the Chester First Christian Church, will officiate and burial will be in Locust Hill Cemetery, Chester.

Mr. Mercer, who died Friday morning at his home, was born March 15, 1889, in Monroe County, Ohio, to William A. Mercer and Nancy Stacey Mercer. He retired in 1954 from the Globe Brick Co., where he worked as a clay crusher. He was a member of the Chester church. His wife, Mrs. Blanche Mercer, died in 1949.

He leaves a daughter, Mrs. Mary Mercer Cline at home; two sons, Clarence R. Mercer of East Liverpool and Walter R. Mercer of Lore City, Ohio; two brothers, Joseph Mercer of East Liverpool and John Elmer Mercer of Sistersville, and eight grandchildren.

Friends may call at the chapel today and Sunday.

## George DeBerry

Funeral services are being arranged for George DeBerry, 62, of Aliquippa, a former resident of Midland, who died Friday at 8:15 a. m. at the Aliquippa Hospital, from injuries received when struck by a bus Tuesday morning while crossing a street.

A retired employee of the Jones & Laughlin Steel Co. in Aliquippa, Mr. DeBerry was born Sept. 1, 1901, in Troy, N. C. He was a member of the African Methodist Episcopal Zion Church and the Knights of Pythias, both of Aliquippa, and the Steelworkers Local 1211.

He leaves three sons, Sam DeBerry of East Liverpool, James DeBerry of Pontiac, Mich., and Timothy DeBerry of Detroit, and six sisters, Mrs. Connie Wilburt of High Point, N. C., Mrs. Eva Moore and Miss Viola DeBerry, both of Detroit, Mrs. Ila Stewart of New York City, Mrs. Willet Williams of Newark, N. J., and Miss Essie DeBerry of Montclair, N. J.

The Leavell Funeral Home in Midland is arranging services.

## Job Mishaps Cause Injury

Two persons injured at work were among 10 treated Friday at City Hospital.

Fred Cosgrove, 27, of 423 College St. injured his lower back when he picked up a bucket of sand at the H. K. Porter Co. Friday morning.

Mrs. Eileen Harris of Lisbon St. was treated yesterday morning for a sprained neck, contusions of the left shoulder and face and contusions and abrasions of the right leg and knee suffered when she fell at the Homer Laughlin China Co.

Roman Sainz, 23, of Raton, N. M., a jockey, injured his left knee when he fell from a horse. Shiela Swearingen, 3½, daughter of Elmer Swearingen, 404 Valley Ave., New Cumberland, fractured her right shoulder in a fall.

Timothy Trenger, 14-month-old son of George Trenger, 207 Indiana Ave., Chester, suffered first and second degree burns of the left shoulder and neck when a hot frying pan fell on him.

James Stanley, 2½, son of James Stanley, 927 Riley Ave., cut his right eyebrow in a fall.

Kenneth Watkins, 54, of Lisbon St. Ext. was treated for a dog bite of the right hand.

Mrs. Alberta Massey, 696 Spring Grove Ave., suffered a fracture of the left thumb when caught it in a car door.

Paul Heffner, 21 - month-old daughter of Frank Heffner of Chester R. D. 1, cut her left arm in a fall on a toy.

Gary Sivert, 16, of Steubenville R. D. 1 suffered contusions of the head when he fell.

## Guild Gives Board OK To Renew Strike

TOLEDO, Ohio (AP) — Members of Toledo Newspaper Guild Local 43 voted Friday night to give the local's executive board authority to renew a strike against the Toledo Blade Co. if the board decides such a move is necessary in contract negotiations.

Marbin Ogletree, president of the local, said the vote was 118-89. No deadline was set, he added.

The afternoon and Sunday Blade and the morning Times ceased publication after the Guild called a strike against the company Nov. 16. However, publication was resumed a week later under a strike truce approved by the guild membership.

## Mrs. Marion Morris

LISBON — Mrs. Marion A. Morris, 508 N. Market St., widow of an oil and gasoline firm operator, died suddenly Friday at 7:10 p. m. at her home, apparently of a heart attack. She was 71.

Born May 12, 1892, in Cadiz to Osman L. Butts and Elizabeth Collins Butts, she owned and operated the Morris Gasoline Co. since the death of her husband, Winfield Morris, in 1944.

She was a member of the First Methodist Church, Iva Chapter of Eastern Star, the American Legion Auxiliary and the 8 & 40 Saloon.

Survivors include a daughter, Mrs. Elizabeth Benner of Cleveland; three sons, Robert W. Morris of Saudia, Arabia, Richard G. Morris of Orlando, Fla., and Donald W. Morris of Lisbon and seven grandchildren.

Services are being arranged by the Eells-Leggett Funeral Home, where friends may call from 2 to 4 and 7 to 9 p. m. Monday.

## Authorities Return Maryland Juvenile

LISBON — Juvenile authorities from Prince Frederick, Md., returned James R. Dibble Jr., 17, Friday night to stand trial for armed robbery and delinquency.

Dibble allegedly held up his mother in Maryland, taking her money and her 1963 Falcon car, and was arrested Friday at 5:30 a. m. in Lisbon.

Local authorities were notified to be on the lookout for Dibble, as he formerly resided here with his uncle and attended school here until being expelled last month for getting into trouble with several teachers.

## Commissioners O.K. \$2,000 Shift Of Fund

LISBON — Columbiana County commissioners Friday transferred \$2,000 from the Soldiers and Sailors Relief fund to the compensation employees fund of the same office. They also approved travel allowances for three members of the treasurer's department to attend a meeting Wednesday in Smithville on the collection of personal property tax.

Commissioners will meet again Monday from 10 a. m. to 4 p. m.

of reporters' questions. He has been fielding them for more than a quarter of a century.

President Kennedy's use of radio and television in his meetings with newsmen was only one more step in an evolutionary growth that began more than 50 years ago with President Woodrow Wilson, who held the first presidential news conference.

The youthful Kennedy appeared to relish his jousts with reporters. He would lecture on economics, foreign policy, the presidency, and sometimes quip with reporters.

Wilson held the first presidential news conference March 15, 1913, with fewer than a dozen reporters on hand.

In the early days, reporters couldn't quote the president directly. This resulted in the creation of "high White House sources" as attribution in news stories.

It was Franklin D. Roosevelt who was the old master of the news conference. He once described it as "a special art all by itself."

But even Roosevelt didn't permit direct quotations, except when he specifically said so.

## Only Snow Flurries But Much Colder Due

Snow squalls and heavy flurries this morning belied the Ohio weatherman's forecast in one aspect but the persistence of sub-freezing temperatures apparently upheld his prediction that the mercury will drop much more this weekend in the first onslaught of winter.

Only scattered snow flurries were predicted but at times it looked like a blizzard this morning. The State Highway Department's garage at Leetonia said snow from Friday's storm had melted from roads but the cold snap last night froze the moisture and created slippery conditions in places.

About 18 crews cindered yesterday and two patrol trucks last night were augmented by two trucks but all employees were off today. The mercury may drop to a low of 18 to 24 tonight and Sunday will be cold with continued scattered flurries. The downtown had 29 degrees at 6 a.m. today.

## Protection For Our Presidents

When the mist of grief has cleared from the nation's eyes, there is going to be insistence on finding a sensible answer to a straight question:

Can the Secret Service protect an American President who goes campaigning?

The greatest presidential hazard is on campaign trips, when the idea is to amass huge crowds and stir noisy enthusiasm.

American presidents are no more going to cut out campaign trips than handshaking. Campaigning is part of their business.

What, then, can we reasonably expect the Secret Service to do for a wider margin of presidential security?

ONE SENSIBLE answer is to refuse to let presidents appearing in public expose themselves to direct gunfire.

The means of doing this already exist. They existed in Dallas and were not used.

A president riding in a car in places where a sniper could fire at him from an overhead vantage point should be protected by the bullet-proof canopy that fits on the presidential vehicle.

The only time the canopy ever should be removed is when the President's car is out of range of overhead gunfire. Under other conditions, he is protected by the screen of Secret Service men whose bodies keep a potential assassin from firing a successful horizontal shot.

IT IS A sickening and horrible realiza-

tion that the chief executive of the United States is a "sitting duck" for every sick mind, killer, foreign agent and political feudist who can get his hands on a gun.

It would be reassuring to believe a study might disclose some way to get rid of all potential presidential assassins.

But common sense warns that they will be with us always and the prime necessity is how to take adequate care of our presidents.

We are not inclined to say of John F. Kennedy's death that it was "one of those things" or that "these things happen."

This one was allowed to happen. It was not "one of those things."

The bullet-proof canopy was there and not used. Whoever should have been scanning every building from which a shot might have been fired either was not on the job or not looking.

THERE WAS no reason for President Kennedy's death, other than the expediencies and exigencies of political campaigning in Texas combined with carelessness at the time of the tragedy.

In a country that must admit the streets of some big cities are not safe for the least of us, isn't it time to admit the President of the United States is not safe any time a would-be assassin is given a clean shot at him?

One clean shot is enough for the kind of marksman waiting for the chance in Dallas.

## \$60 Million To Improve Ohio

Gov. Rhodes' daring program to pledge a portion of liquor profits starting in 1965 to finance a \$60 million Ohio technical institute-research center program has raised some eyebrows.

Those who have observed the state's mounting financial programs and increasing demands on the state treasury for new services and assistance for locally sponsored projects cannot see how Ohio can spare as much as \$4 million a year from the general fund, which is where liquor profits go, to retire revenue bonds for a technical-research program.

We would be concerned, too, were it not for the governor's demonstrated capacity during his first year in office to reduce the cost of government by slashing payrolls, eliminating unnecessary services and whacking heavily at excesses and extravagance.

LIQUOR department profits each year run \$40-\$42 million. But once the money reaches the general fund, it may be used for any legitimate state purpose.

Unfortunately, liquor bills have not had the highest priority and a sizable delinquency was built up in this account over the last few years.

## Time To Be Alert

There are times when Communist propaganda lies are laughable, others when they are disgusting.

But the Moscow exploitation of our nation's grief by claiming our policemen intentionally killed the accused assassin of President Kennedy and an East German "suggestion" that a Dallas policeman was killed by other law men because he knew too much about the men behind the assassination is nauseating.

When Khrushchev and his cohorts first sent messages of condolence to Washington, we were inclined to think they were sincere in recognizing the loss of a fellow statesman and a worthy opponent.

But after reading Communist newspaper accounts of the slaying of Lee Oswald and their preposterous claims that we would intentionally kill a man before he was tried, we find ourselves respecting Chinese Communists far more than Russian Communists.

## Cotton Corners

Dear Nephew: We want to call something to your attention.

You have been reading about people so shocked by the assassination of John F. Kennedy they resolved to give up their own hate campaigns.

You have been reading and listening to hopeful statements about this sort of thing. Maybe we will go on from this tragedy to something better—that sort of optimistic viewpoint.

Bear in mind that people who feel this way and talk this way are like the ones who react to news about a bad auto accident by being more careful.

They are the kind that can be depended on to rise to the occasion when there is an occasion to rise to. But don't think they're the only kind we have.

The ones who need to profit by this ghastly demonstration of vengeful violence are untouched. They can no more change their natures than wild animals. It is in their hearts "to go for the jugular."

WE ARE fortunate. We don't have many of them here. Feuding never has been a way of life at Cotton Corners. We operate on the town-meeting plan. Things get talked out and settled by general consent. Bitter-enders are rare.

But we have a few, and your aunt and I have run into some since the assassination. That is why we're tipping you off. We want to help you.

All your life you have had a tendency to believe the best. Fine and dandy.

YOUR AUNT and I, remembering the way you expect the best, wanted to nip your optimism in the bud before you did something foolish. Don't make plans to bask in merry sunshine through an era of good will. It won't happen.

Only men of good will will show good will.

You can make book on this. The kind that feel otherwise haven't changed since their demonstration in Dallas. They'll kill you if you don't watch out.

Take care of yourself. Protect yourself at all times. Never turn your back on men who "go for the jugular." They never sleep. They never change.

Regards to all.

## Labor Eyes U.S. Ownership Of Rails

By Victor Riesel

There is another rail crisis highballing it down the main lines of the land right into the White House. This time it is not

a matter of striking the railroads. Angry union chiefs know full well that Congress and President Johnson won't permit them to paralyze the railroads.

So labor's high command is ready—seriously so—to demand that the government take the country's 600 railroads away from their private owners.

This would be socialization of the railroads. But labor's national chiefs aren't frightened by the thought.

It can be exclusively reported that national AFL-CIO president, George Meany, traditionally regarded as a conservative by his colleagues, has told them privately he is ready to lead a drive for government ownership of the rail lines.

WHAT IS significant about this development—which could arouse more angry and more bitter conflict than any recent issue on the labor front—is that Meany made his statement behind closed doors.

He chose the final meeting of the national AFL-CIO Executive Council which always closes labor's biennial convention. He did not bluster. He did not threaten.

He did not release his remarks for propaganda purposes. In fact, this is the first public report of Meany's proposal.

Shortly after the 29-man executive council session opened in New York's Hotel Americana on the morning of Thursday, Nov. 21, Meany noted that new rail crises were swiftly developing. The rail unions soon would be issuing strike threats.

Meany said, in effect, that Congress would not permit any rail strikes. Congress would simply pass new laws whenever such walkouts were called. Legislative leaders and the White House would say such action was needed to protect the people.

Well, said Meany, if the people need such protection, the government should take over the lines. Then the people would be running them in their own interests.

### GRIN AND BEAR IT

## The Real Culprit

By David Lawrence

### We Should Look Into The 'Madman'

The search continues in a distraught world for clues to the terrible behavior of Lee Harvey Oswald. The effort to pin the blame on this

or that trend in modern life boggles the truth. For this case is like tens of thousands of others, and never would have attracted world-wide attention David Lawrence if the crime had not taken the life of a president of the United States.

Indeed the medical books are full of histories of illnesses with similar climaxes that have resulted in suicide or homicide after a life of seeming helplessness and frustration. To attribute Oswald's act to the atmosphere created by a right wing or left wing movement or to a hate group or to some foreign ideology or country is to fail to see the forest for the trees.

Too often there is a tendency to blame society as a whole for the sins of omission which characterize the lives of individuals as opportunities to help troubled and distressed persons in the community are lost by many of us.

The evidence gathered thus far shows that Oswald had an unhappy life. Family unity was broken before his birth with the death of his father. The young man seemed to lead a purposeless existence. He enlisted in the Marine Corps. He was guilty of misdeeds and twice court-martialed. He was finally discharged in 1959 with dishonor.

ALL THIS left a tragic mark on him. He started to read books about communism. He went to Russia, denounced his own country and asked the Soviet government for citizenship, which was refused. He married a Russian girl there and then asked for money so he could get passage back to America. In pity, he was helped by the American embassy but after this he seems to have been abandoned. He tried to find a job. He didn't seem to fit into anything. He was short in stature, too, and probably an inferiority complex about this.

The books Oswald read when he came back to America were critical of communism. But he also read a book on the assassination of Gov. Huey Long in Louisiana. Oswald was living in New Orleans. He sought prominence. He wanted to be conspicuous. He distributed in public places some pro-Castro literature. He imagined he could start a Fair Play for Cuba Committee by himself. All this was perhaps a manifestation of a feeling of inferiority.

Even as a prisoner last Sunday as he was being moved from one jail to the other he wanted his picture taken — to be televised — and said so.

A confused mind certainly must have led Oswald to try to return to Russia. He went to Mexico City a few weeks ago to seek a passport via Cuba. This was refused. Possibly he wanted to isolate himself in Russia, where his wife's family lived.

And he means it.

And he means it.

From The Review Files

THIRTY YEARS AGO — A proposal to lease the Swaney airport in Madison Township for a five-year period was considered by City Council at a special meeting.

Cliff Vaughn was named president of the Wellsville Volunteer Fire Department.

TEN YEARS AGO — Arthur Schreiber, son of Mrs. V. A.

Schreiber of St. Clair Ave., was named news director for radio station WHIZ at Zanesville.

Cedric Stanway was named chairman of Wellsville's annual Boy Scout fund drive.

A total of \$91,144 was paid to 1,698 Columbiana County recipients of aid from the Department of Public Welfare during November.

## Letter To The Editor

EDITOR OF THE REVIEW:

Please accept my compliments on two editorials appearing in The Review of Nov. 28.

"Let's Skip The Scapegoat" and "With Ballots, Not Bullets" are two of the very finest expressions of editorial opinion that I have ever read, anywhere. In the former, you have put into words the thinking of the great majority of Americans in every part of the country, regardless of their political, religious, racial or economic views. And, in "With Ballots, Not Bullets," you have improved even on Voltaire in explaining the American system of free speech.

I thought you might appreciate this expression from one who has been, on several occasions in the past, and I am sure, will be in the future, severely critical of some of your editorial opinions.

WILLIAM F. SWAN

(Editor's Note—We'll let the past and the future take

care of themselves, but thank you for the present for the kind and thoughtful words.)

## Traffic Toll Rises Slowly

By The Associated Press  
Traffic fatalities continued to mount slowly Saturday as the four-day Thanksgiving weekend passed the halfway point. The death toll was about that of a comparable nonholiday period.

A day off Friday for many people was reflected in the relatively low number of traffic fatalities. The National Safety Council declined to make a preliminary estimate of traffic deaths. A council spokesman said fewer persons travel during the Thanksgiving weekend.

With the four-day weekend past its halfway point, 264 persons had died in traffic accidents.

## Salary

auditor's office; three women employees in the city income tax office and the Civil Defense Council clerk.

The clerical employees' salaries presently are about \$258. The ordinance would hike them to \$296, an increase of \$38 monthly.

Councilmen received their last increases Jan. 1, 1960, when the seven members were boosted from \$50 to \$75 monthly and the president was hiked from \$52 to \$100.

At that time, a Republican-controlled Council was retiring. Its action raised the salaries of a solidly - Democratic Council that took office Jan. 1.

But the raises in clerical employees' salaries apparently will benefit new Republican appointees under the incoming administration of Mayor - elect Merrill Hall. The posts, with the exception of those in the tax office and the CD office, are held by Democrats likely to step out Dec. 31.

Salaries of elective officials can be raised or lowered only at the start of a new term, according to state law.

Continuing in office Jan. 1, and in line to benefit from the raise, are: President George E. Willshaw, Republican; Floyd Murray of the First Ward, Democrat, and Robert W. Sample Jr. and Norman Bucher, both members - at - large. Sample is a Republican and Bucher is a Democrat.

Retiring Dec. 31 will be Frank P. Duffy, member - at - large, Democrat, Edward Massey of the Fourth Ward, Democrat, and S. James Welch of the Third Ward, Republican.

The status of the Second Ward seat still is uncertain. Mrs. Betty Russell Berg was elected Nov. 19 to fill the unexpired term of her late husband, Kenneth C. Berg, which extends through Dec. 31. She could continue for the full two years to which he was elected, starting Jan. 1, if named by the new Council.

Bucher also is in an interim appointment, although he was elected to a full term starting Jan. 1. Council elected Bucher Nov. 19 to take the place of Willshaw, who was named president by Mayor Bert H. Goodballet, succeeding Charles Edwards, resigned. Willshaw also was elected to a full term starting Jan. 1.

## Mary L. Melone Becomes Bride Of Richard P. Kinsey

Miss Mary Lou Melone, daughter of Mr. and Mrs. Herbert Melone of Haywood St., became the bride of Richard P. Kinsey, son of Mrs. Nora Kinsey of Pennsylvania Ave., the evening of Nov. 15 at 7:30 o'clock in the Orchard Grove Community Methodist Church.

The double-ring ceremony was performed by the Rev. John Stilts.

The bride was attired in a yellow and a white feather hat with a brief veil. She wore a corsage of white orchids and carried a handkerchief belonging to her grandmother, Mrs. Edith Richards, of East Liverpool.

Mrs. Edith McPherson, sister of the bride, was matron of honor and wore a medium blue knit suit with black accessories and a corsage of white mums.

The bride's mother was attired in a black and white dress with black accessories, and the bridegroom's mother chose a gold dress with beige accessories. Both wore corsages of white mums.

Jim McPherson, brother-in-law of the bride, was best man. A reception followed at the McPherson home on Haywood St.

The bride is a graduate of

## County Park Projects To Get \$481,000

A total of \$481,000 is slated to be spent in Columbiana County for the development of natural recreation facilities, according to a projected three-year program announced Friday by Gov. James A. Rhodes at Columbus.

The county is to receive \$326,000 from the \$250 million bond issue adopted in the state Nov. 5. The remainder, \$255,000, will come from the Department of Natural Resources funds, including federal matching monies.

The projected program calls for \$120,000 to be spent in 1964 for the development of the Highlandtown Lake and Beaver Creek State Park facilities. In 1965, \$56,000 will be spent and \$50,000 in 1966.

The wildlife money will be spent in 1964, according to information supplied by the Department of Natural Resources.

The projects call for water impoundment and camping facilities in Columbiana County.

able is limited and based entirely on official Army reports. As we know it, he was in a camp site at Hiep Hoa when the camp was attacked and over run by approximately 200 to 300 Viet Cong. It is reported that your son was seen leaving the scene under Viet Cong guard with a slight leg wound and his hands tied.

"HE WAS TAKEN with at least three other American soldiers. At the present time, this is the only information I have concerning this incident. I do know that every possible effort is being made by American and Viet Namese forces to determine the whereabouts and status of your son.

"Additional information will be transmitted to you immediately as it becomes available and I am certain the Department of the Army also will keep you informed.

"George is respected and well-liked by all his associates, superiors and subordinates alike. He is an outstanding young man who has performed every task assigned in a superior manner. "This incident has come as a great shock to all of us who know him. I trust that you will find a measure of consolation in knowing that all members of this organization share your grief and we, too, are praying for his return. "Please rest assured that you will be notified of any important developments. I extend to you the sincere sympathy of this command."

## 2 In County Return From Milk Sessions

LISBON — Hugh McCracken, Purity Dairy Milk Association director, and Mrs. Evelyn Hoopes, organization director of the Farm Bureau Federation for Columbiana County, have returned after attending a meeting Wednesday at Cuyahoga Falls for a discussion of solutions to milk marketing problems in Northeastern Ohio.

They were outlined by Dr. Emerson Babb, associate professor of agricultural economics at Purdue University.

Heading the list of alternatives, Babb suggested was the consolidation of various Northeastern Ohio milk co-operatives on the broadest possible scale. This step, Babb said, could be made to meet the problems created by merging of dairy processors into fewer units with which farmers can negotiate. Other alternatives were given.

## 2 Men Are Killed In One-Car Accident

TOLEDO, Ohio (AP) — Two men were killed Friday night in a traffic accident on Ohio 2 about three and one-half miles west of U.S. 20 in Lucas county.

Killed were the driver, James Michael Beech, 24, and James Arthur Pfaff, 23, both of Holland. The Ohio Highway Patrol said the car apparently was speeding and went out of control.

## For Oakland Congregation

## Free Methodists To Use New Building On Sunday

The congregation of the Oakland Free Methodist Church will worship for the first time in its new church at Wedgewood and Etruria Sts. Sunday morning at 10:30 with the Rev. S. H. Estel in charge. The new structures are valued at an estimated \$165,000.

The former church building at Holliday and Walter Sts. was constructed in 1903.

In 1957, under the pastorate of the Rev. C. H. Canon, over an acre was purchased for the new site. The plans were drawn by Rev. Canon and carried out by Rev. Estel.

The sanctuary is 48 by 86 feet and the education unit, which is connected by a 39-foot narthex, is 48 feet by 118.

The education unit is comprised of a community activities hall, church office, library, pastor's study, nursery and an area for seven Sunday School classrooms.

Ground-breaking ceremony was held in November 1952 and construction began in April.

Besides the two ministers other members of the planning committee included James Helbreth, Hallie Simms, Raymond Anderson, Valentine Fersch, James Rutter, Henry Muschweck, Frank Seever, Harold Kelly, Joseph Cowser, Paul Ward and Robert Richardson.

The general contractor was the Potters Construction Co., and the architect was Robert F. Beatty.

## Bible Published 300 Years Ago For Algonquin Indians

By FRANCIS STILLEY  
NEW YORK (AP) — The American Bible Society is observing the 300th anniversary of what it says was the first whole Bible printed in the Western Hemisphere—and one that no one can read now.

It was written in the language of the Massachusetts Indians. The Bible society says the work also was the first Bible printed in an American Indian language and the first for which it was necessary to create a written form of a spoken language.

An Algonquin language was used for the translation, the society said, and the Bible was in use on Martha's Vineyard as late as the 1700s.

For many years there has been no one who understands the language, even among the descendants of the Vineyard Indians. In connection with a display of the work at the society's headquarters in New York the society said the volume is known as the John Eliot Bible, being named for its translator.

Eliot, driven from England in 1631 because of his outspoken Puritan sentiments, came to be known as the "Apostle to the Indians."

He sought to improve their living conditions, preached to them in their own language and helped establish schools for their children.

One of his major aims soon came to be a translation of the Bible into their own tongue, which had no written form.

To create a written form, and to translate another language into it, proved a formidable task. Eliot, aided by an English speaking Indian, Job Nesutan, spent 40 years at it.

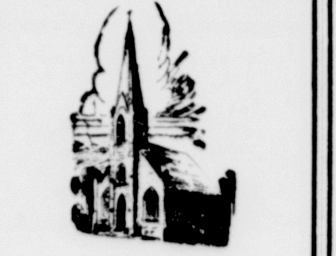

By 1655, with the aid of Nesutan, Eliot completed a translation of Genesis and Matthew and printed copies. Only one survives. It is in a London library.

The New Testament was completed in the summer of 1611. The entire Bible was finished in 1663 and an estimated 1,040 copies were bound.

The judge's journal entries provide that funds already collected in the trusteeships will be distributed to the creditors on a pro rata basis.

State law provides for the trusteeship actions, in which persons with an accumulation of debts may file to pay a percentage of their earnings into court. Meanwhile, the court issues a restraining order that prevents their wages from being attached. The court collects the payments until they reach appreciable size, then distributes the money.

A film, "Martin Luther," will be screened Sunday at 7:30 p. m. at the Boyce Methodist Church.

## 40,000 More View Grave Of Late John F. Kennedy

WASHINGTON (AP) — Some 40,000 persons moved in a long line under dark skies Friday to view John F. Kennedy's grave—and the fulfillment of a prophetic wish.

Jack Metzler, director of Arlington National Cemetery, said the line had formed before the gates swung open. And though it was a cloudy, wet day, the line remained almost until dusk when a harsh, raw wind swept in.

Just a few months ago the late president stood near the spot where he is now buried.

Paul Fuqua, 23, a guide at the Custis-Lee mansion which sits on high ground surrounded by the sprawling cemetery, recalled Kennedy's unexpected visit last March 3.

"It was a really beautiful day, just one of those days," Fuqua said. "We were walking

around, and I told the President: 'If I lived in the White House, I'd move the White House out here, the view is so beautiful.'"

"The President said yes and added: 'I could stay up here forever.'"

A White House source said Friday that Jacqueline Kennedy, learning of the former president's statement, approved the spot for his grave site.

At present the only marker is the eternal flame lighted by Mrs. Kennedy during the graveside rites Monday, a mound of flowers and a neat, white picket fence.

But John Carl Warnecke, a Washington architect, confirmed Friday that Mrs. Kennedy had discussed with him some possible designs for a tomb. He wouldn't comment on them.

## Elks Lodge To Conduct 70th Annual Memorial Service

Elks Lodge 258 will mark its 70th annual "Memorial Day" observance with a program Sunday at 2:30 p. m. in the lodge home.

The first Sunday of each December is set aside by Elks Lodges throughout the country to commemorate the deaths of members. Each of the more than 2,000 lodges also erects a "tablet of love and memory" listing names of deceased members.

The lodges also pay respects Sunday to the late President John F. Kennedy, who was a member of Lodge 10 of Boston.

In the past 70 years, a total of 407 members of the local lodge have died, including 12 in the past year.

They include Paul F. Mulligan, Clarence D. Simpson, James M. Duffy, J. G. Gaswell, William F. Witherow, Roy E. Henderson, James T. Weston, John Webb, Thomas W. Snape, Wil-

liam R. Skeen, Kenneth C. Berg and Donald W. Walker.

Mr. Mulligan and Mr. Berg were past exalted rulers.

Stu Wilson of WOHI will present the memorial address and special music will include selections by Ernest Lowe, soloist, with his wife, Mrs. Ernest Lowe, accompanist.

## Living Cost Hit New High In October

WASHINGTON (AP) — The cost of living edged up to an all-time high in October, the Bureau of Labor Statistics reported Friday.

But a spokesman said the rise of one-tenth of one per cent was strictly seasonal and gave no indication whatever of an inflationary trend.

The consumer price index reached 107.2, meaning living-cost items that could be bought for \$10 in the 1957-59 base period cost \$10.72 in October.

Food prices declined 0.5 per cent but were offset by rises of one per cent in transportation costs, 0.1 per cent in housing costs and 0.6 per cent in clothing prices.

The spokesman said the upward trend in living costs apparently continued this month, but that food prices held even. He said the average family's turkey dinner with all the trimmings Thursday cost \$6.40. That was 30 cents cheaper than in 1962.

While October's increase was seasonal, the bureau spokesman said the predicted increase in November is expected to be somewhat more than seasonal.

## Do You Recall When Gas Was Rationed?

By ROBERT POPP

Twenty-one years ago tomorrow, gasoline suddenly became one of the most precious commodities in America.

It was the beginning of wartime gas rationing — a time of skimping and improvising for the motorist that was not to end until the Axis had been defeated three years later.

Dec. 1, 1942, was the official beginning of the rationing, although motorists had been filling out application forms for the program for several weeks previously.

Until midnight Nov. 30, motorists could buy gasoline in unlimited quantities, just as they had done since the advent of the auto. But one minute after midnight, a stamp of one hue or another was required for every gallon of gas.

AND THOSE stamps were mighty hard to come by from a watchful ration board. Ask any World War II stay-at-home who had nothing but an "A" book, allowing him the minimum ration of four gallons a week!

Holders of "B" and "C" cards fared a little better, but few complained of overflowing gas tanks.

The memory that lingers longest for many is of those last few hours the night of Nov. 30, 1942, when drivers put on a veritable orgy of gas buying to beat the ration deadline.

It was the same in East Liverpool, throughout Ohio or anywhere in the nation.

In East Liverpool, service station attendants were rushed off their feet with business. Instead of easing off, the jam became worse as midnight neared.

ONE STATION manager said he closed his doors at 11:45—15 minutes before the deadline—because the rush was so great he feared his gasoline pumps would be knocked over by cars.

Drivers filled their tanks, then asked the station attendants to put the precious fuel into every kind of improvised container, from jugs and bottles up to 55-gallon oil drums.

Windshield-wiping and tire inflation were forgotten in the rush.

"We did more business Monday than we sometimes did in a week," a service station operator commented.

He cited the case of a trucker who filled his 16-gallon tank, plus a 55-gallon drum and a two-gallon can. A farmer drove into a service station and hauled away 66 gallons of gasoline—all of it in two-gallon cans.

He hauled the cans in the back seat, in the trunk and on the runningboard. Cars had runningboards in those days!

And the day after rationing began, police immediately noted a decline in downtown traffic. Drivers were keeping their cars in the garage except for essential errands.

E. ALLAN MCKEEVER, who was cashier of the improvised local gas rationing board, said 70 "B" books had been issued to drivers.

The Valley Motor Transit Co. looked forward to a heavy strain on its buses when work-bound drivers had used up the last of their gas reserves.

And the East Liverpool fire department warned that insur-

ance claims could not be collected from fires resulting from hoarded gasoline.

"Hoarder" was becoming a common word about that time. Firemen pointed out that several costly blazes in Ohio and West Virginia communities had been blamed on secret caches of gasoline.

At Pittsburgh, Safety Director George Fairley gave hoarders "just six hours" to surrender their stocks of gasoline. Any confiscated by police would be put in the city's tanks, he said.

Christmas cards already were on sale, many of them with anything but "peace on earth" motif. Many greeting cards carried pictures of Santa Claus in warlike poses—riding in a tank turret, for instance. There were words like "blitz" in the text of the greetings.

Departures of draft contingents were announced, but the number of men involved never was revealed. Security.

And gasoline wasn't the only rationed commodity.

On the same day, State Liquor Director Jacob B. Taylor said at Columbus sales of whiskey in state stores would be limited to one quart per day per person, effective immediately.

THAT GENEROUS ration later was cut back severely and whisky ration books were issued. Whisky was a hard-to-find

commodity later in the war and many a tippler had to settle for rum or another exotic beverage.

Stores were selling the first rationed coffee and fuel oil ration stamps were being mailed to householders. Rent control was about to go into effect. About 2,500 landlords already had obtained forms with which to list their property with federal authorities.

The coffee ration was one pound per person for five weeks. At Columbus, Col. C. W. Goble announced plans to register youths of 18 for the draft. He listed a series of dates scattered through December and January.

COUPON CLIPPER. Sandra McBurney, 16-year-old East Liverpool High School junior, tries her hand at tearing ration stamps, a commonplace practice of the World War II times. Before her are other permits and coupon books used during the war which ended two years before she was born. Sandra is the daughter of Mr. and Mrs. V. F. McBurney of Park Way.

Crews were still cleaning up after the disastrous Coconut Grove night club fire in Boston and the death toll was placed at 440. Despite the huge toll, war news shoved the fire into the background.

OHIOANS were being urged to put 10 per cent of their earnings into War Bonds. East Liverpool had a quota of over \$2 million for the then-current bond drive.

The U. S. Employment Service was placed under control of the War Manpower Commission. The War Production Board announced steel shortages apparently would not be as severe as first feared.

And Sgt. Mike Raffa was preparing for one of the biggest fights of his career. Boasting a record of 37 victories in 40 bouts, he was to meet Lulu Constantino of New York at the Gardens in New York.

Raffa, who died only a few months ago, was pictured in his uniform as a sergeant in the Armored Force at Ft. Knox. He had won 23 of his bouts by knockouts.

East Liverpool's chief air raid warden, C. P. Deemer, was preparing for a mock air raid on Dec. 7 to mark the first anniversary of the Jap attack on Pearl Harbor.

The Japanese were never called anything but "Japs" in even the most polite family newspapers.

But the Russians were heroes fighting at Stalingrad. Remember?

Hitler bore the brunt of the editorial writers' venom almost every day.

He called on his men that day to hold firm at Stalingrad. Churchill, meanwhile, warned the Italians to quit the war or be bombed out of their cities.

And there was savage fighting between allied forces and the Japs in New Guinea, according to Gen. Douglas MacArthur at his headquarters in Australia.

THINGS WERE getting tougher on the home front, too.

Housewives were watching with apprehension while Washington officials put wheels in motion for meat rationing.

Bits and pieces of information on the meat rationing setup leaked out of Washington from time to time.

For instance a newspaper story on Dec. 1 gave the point values that had been assigned tentatively to various cuts: Hamburger, one point per pound; porterhouse, eight points; lamb chops, three points; round steak, four points, and bacon, five points.

An overflow crowd of housewives attended a meeting at the High School auditorium to hear a talk on the impending meat rationing.

Before it was over, there would be rationing of many other commodities, including shoes.

And not long before the war ended, cigarettes were in such short supply as to be almost non-existent.

The clerks were "always right" in those days, not the customers.

A fellow who could find a choice cut of meat was very lucky, indeed.

It was a change from that great American war cry of the 1940's: "Don't you know there's a war on?"

## Every Man Has His Day

### 'Biography' Guides Judge In Passing Sentence

Loss of \$20 can be a major tragedy to one man, yet meaningless to another.

Municipal Judge Samuel M. Chertoff keeps that thought in mind every time he sentences a defendant on a misdemeanor.

That's why he extracts a biography of sorts, particularly details on family status and employment, in the interval between conviction of the defendant and sentencing.

Those impromptu autobiographies pour out to the judge from every defendant, even in the case of a fellow who has just pleaded guilty to such a minor infraction as crashing a traffic signal.

THE JUDGE instituted the unusual practice upon assuming the bench four years ago and has followed it religiously since.

As he puts the questions, the judge also has in the back of his mind the implications of a jail sentence for a particular defendant.

If the father of several small children goes to jail and—as a result loses his job—there's the possibility the wife and youngsters may wind up on relief rolls at the taxpayers' expense.

"I try to arrive at a penalty that fits the crime and will not be a hardship on the family," Chertoff commented. "I'm thinking of the family, not the man standing before me."

A jail sentence can be a real

tragedy to a man who has a wife and several children to support, the judge pointed out. On the other hand, it is not so severe a penalty for a single man who lives with his parents and has no obligations, he remarked.

WHEN THE defendant walks up to the bench, the judge generally knows only his name and address, the time and place of arrest and the charge.

After the man has pleaded guilty or has been convicted, the judge asks a series of questions. Is the man employed? What is his trade? Is he working regularly? Is he married? How many children does he have who depend upon him for support?

After making a quick estimate of the defendant's financial status and number of dependents, the judge calls for the police department's card file on the defendant. The file shows the current case, as well as any previous charges and their disposition.

That sets the stage for the sentencing.

In lectures from the bench, the judge is most severe on two types: The man who is separated from his wife and is not supporting his children properly and the man drawing unemployment compensation or relief who turns up in court on an intoxication charge.

If a man receiving public assistance appears on a charge of intoxication, the judge always lectures him severely on using money provided by taxpayers for his own indulgence.

THE JUDGE was asked if a defendant ever had listed an unusual occupation under questioning.

"Well, I remember the numbers writer who said he was a 'salesman,'" the judge said.

He commented that his experience has shown youthful motorists dread one penalty above all else — suspension of their driver's licenses.

Fines are a deterrent and jail terms sometimes provide a sterner lesson, but every young fellow shrinks from the threat of losing his license, the judge remarked.

He has one other practice that is unusual in a court that handles many petty cases, all of them arising out of similar circumstances.

The defendant is allowed to tell his story to the court, whether or not he has pleaded guilty.

"I know it does a man good to have an opportunity to speak in his day in court," the judge said.

"Nobody ever will walk out of this court complaining that he did not have a chance to tell his side of the story."

## Out In Cold

### How To 'Mistreat A Teacher'

Youngsters in Hancock County schools, like everywhere else, generally practice their best behavior in the holiday season between Thanksgiving and Christmas, hoping that it will be remembered when their parents begin thinking of gifts.

But it wasn't always so, according to early recorded history.

During the holiday season one year, students at the school in Fairview, which later became Pugh-town, locked their teacher out of the building in freezing weather until he promised to come across with "treats".

Of course, the teacher refused because salaries in that early period of history did not justify a luxury of that sort.

He insisted upon coming into the building — out of the winter weather — but the pupils, laughing inside, had closed the doors and windows and refused his

admittance until their demands for treats were gratified.

It was a cold, blustery day and the teacher was shivering against the biting wind while he pondered the situation. But his face flushed with anger, and suddenly he seized upon a plan of gaining entrance.

Outwitted in each attempt to enter the warm classroom, where the scholars had the situation well in hand, the teacher climbed to the roof and started down the chimney!

But even this plan of attack was ill-fated.

His presence on the roof caused "great commotion" in the classroom as the scholars perceived at once what was going on.

Quickly, they added more fuel to the fire, and the schoolmaster fled in retreat up the chimney, choking and coughing against the acrid smoke.

Realizing that all efforts to gain entrance were futile, he concluded the episode by consenting to provide treats for all.

The schoolmaster who was taught the lesson in appeasement was recorded only as a Mr. McCoy in the historical souvenir program of the New Cumberland Lions Club published the past summer during centennial observance.

## FOOD FAVORITES

A recipe for delicious cookies was submitted recently by Mrs. Nellie Harper of Chester R.D. 1 to a "Christmas Ideas" booklet of the Hancock County Home Demonstration Council.

Mrs. Harper, who teaches at Glenmoor, reports she got it from Mrs. Sam Manypenny of Chester.

1 ½ cup flour  
¼ cup cocoa  
¼ tsp. soda  
¼ tsp. salt  
½ cup buttermilk  
½ cup shortening  
1 cup brown sugar packed  
1 egg  
1 tsp. vanilla  
½ cup drained cr. pineapple

Sift dry ingredients together once. Blend shortening and sugar; add egg and vanilla. Add alternately buttermilk or sour milk and dry ingredients. Fold in pineapple.

If desired, add ½ cup nut meats. Drop on greased baking sheet by teaspoonfuls or, for larger cookies, by tablespoonfuls. Regrease sheet after each baking to prevent sticking. Bake 15-20 minutes. (If electric oven, watch and judge time 10-15 minutes.)

For frosting use pineapple juice (2 Tbsp. to 1 cup of powdered sugar). Ice cookies while a little warm or semi-cool.

If you have an original recipe which you want to share, send it to Feature Editor, The Review, East Liverpool, with your name, address and telephone number.

## License To Wed

### Court Lists 8 Requirements

The step to the altar has a number of legal requirements which must be met before and after the issuance of the marriage license.

Probate Judge Louis Tobin lists the eight basic conditions which the laws of Ohio stipulate concerning marriage:

- 1.—Any male person 18 years of age may marry any female person 16 years of age or over, who are not first cousins or closer related. However, the party or parties under 21 years of age require the consent of both parents, if living, or of the living parent if only one is living, or guardian of the person. In the event the parents are divorced, that parent who was granted custody of the child, may sign such consent. The only exception to this is if the girl

ed to them or their former spouse within 60 days immediately preceding the application for a marriage license.

- 5.—Parties who apply for a marriage license must not have been drinking any intoxicants, including beer, at the time of the application.
- 6.—If parents who must sign consent cannot be present in court, the application for their consent may be signed a way from the courthouse. However, a witness to their signature stating that they did sign must swear to same, in court.
- 7.—Persons who received a license and have been married should be sure and check that the person who performed the marriage ceremony has made proper return to this court, that we know the marriage has been performed and that we have a record of same.
- 8.—An application for marriage license is only valid for 60 days. If no marriage is performed within that 60 days, then it is void and a new application must be applied for.

## Tri-State Tidbits

Women were denied the privilege of serving on a Grand Jury in West Virginia until the state amended its constitution in 1956. First of their sex picked for a Grand Jury in Hancock County in January 1957 were Mrs. Inez Skeeles, Mrs. Shields Cullen, Mrs. Marie Cline, Mrs. Paul Barnett and Mrs. Frank Lyons.

The Methodist Church in Irondale was built in 1872, and the Presbyterian Church two years later.

Tomlinson Run State Park in Hancock County covers 1,393 acres, and the V-shaped lake in the park extends over 29 acres.

The 1960 population of Hancock County was 39,615. Its largest city is Weirton, which is also the fifth largest city in West Virginia.

Hancock County, with a land area of 88.55 square miles, was named for John Hancock, first signer of the Declaration of Independence, when it was established in 1848.

## Hunting Lesson

The need for hunters to get permission from farmers before using private lands was brought home to one nimrod earlier this year in Trumbull County.

The Ohio Division of Wildlife reports deputies were summoned to a site near Mosquito Lake where a hunter wanted something done about a certain farmer who had deposited a load of manure from his spreader on the complainant's car.

Deputies told him to wash his car and forget it, because he had been hunting on private property without the owner's permission, and the manure was unquestionably the property owner's.

## In The Past, It Was High Road Or Low Road—Or Any Old Road

By BYRON EELLS

A ribbon of concrete stretching through California Hollow to the junction with Route 170 is a far cry from the old lane which the city's early motorists used in their travels.

And a lane is just about what it was, Charles R. Thomas, 402 Vine St., says in recalling the muddy, sometimes impassable, dirt path over which he drove to Calcutta, Glenmoor and Lisbon in the early 1900's.

The narrow road wound around a point in the vicinity of the Pearl China Co. and crossed the California Hollow

run about three times before the autoist reached the Gaston farm at the new intersection of the freeway and Route 170.

Reminiscing about his early days as an auto dealer and motorist, Mr. Thomas remembers that it was a rare occasion when you met a fellow driver.

Mr. Thomas, a former photographer, has many early photographs and 5-by-7 glass plates of area scenes, including several of himself at the wheel of his 1903 Oldsmobile on the old road.

"You hardly met anyone else

on the road," he recalled. And perhaps it was just as well for he explained that one driver was forced to pull into a gutter to allow the other to pass.

"We hunted for the hills in wet weather," Mr. Thomas said, explaining the water drained off faster and made the traveling easier.

The old cry, "Get a horse!", could be heard frequently and not without reason for the hills and mud posed problems for the best driver and car.

Mr. Thomas recalled one trip to Lisbon that required six hours because of the deep mud.

The one-cylinder autos with a top speed of about 25 miles an hour generally required about 20 minutes to reach Calcutta and about an hour or more, depending on road conditions, for a journey to the county seat.

And the trip to Lisbon sometimes was a roundabout journey that led into Hancock County, Mr. Thomas remembers.

After the Newell bridge was opened in 1904, the horseless carriages were driven over the bridge to Newell, down a long paved road ("That's where

many learned to drive") to Congo.

Then there was a ferry trip back to Wellsville, a struggle to climb the gravel bank, and finally a start for West Point and Lisbon, he recalled.

Mr. Thomas, who formerly sold — and assembled Olds, Reos, Franklins and Pope-Tolledos, recalls assembling another make for a physician. "In those days cars arrived in wooden boxes and he asked me to assemble it. I finally got it together, and it ran."

He also remembers when a wooden bridge was used for

traffic to cross Tanyard Run which crossed Dresden Ave. at Webber Way.

Among his collection are several advertising brochures on the 1903 Olds Runabout, which declared the auto "is proclaimed by 8,000 users as the best thing on wheels."

Another slogan declared, "Nothing to watch but the road."

The pamphlet declared, "The greatest efficiency with the least trouble is obtained by the mechanical perfection of this standard runabout."

"No complicated machinery

to get out of order, no 'break-downs', every part of the simple, strong and practical construction of the Oldsmobile is readily accessible and easily understood.

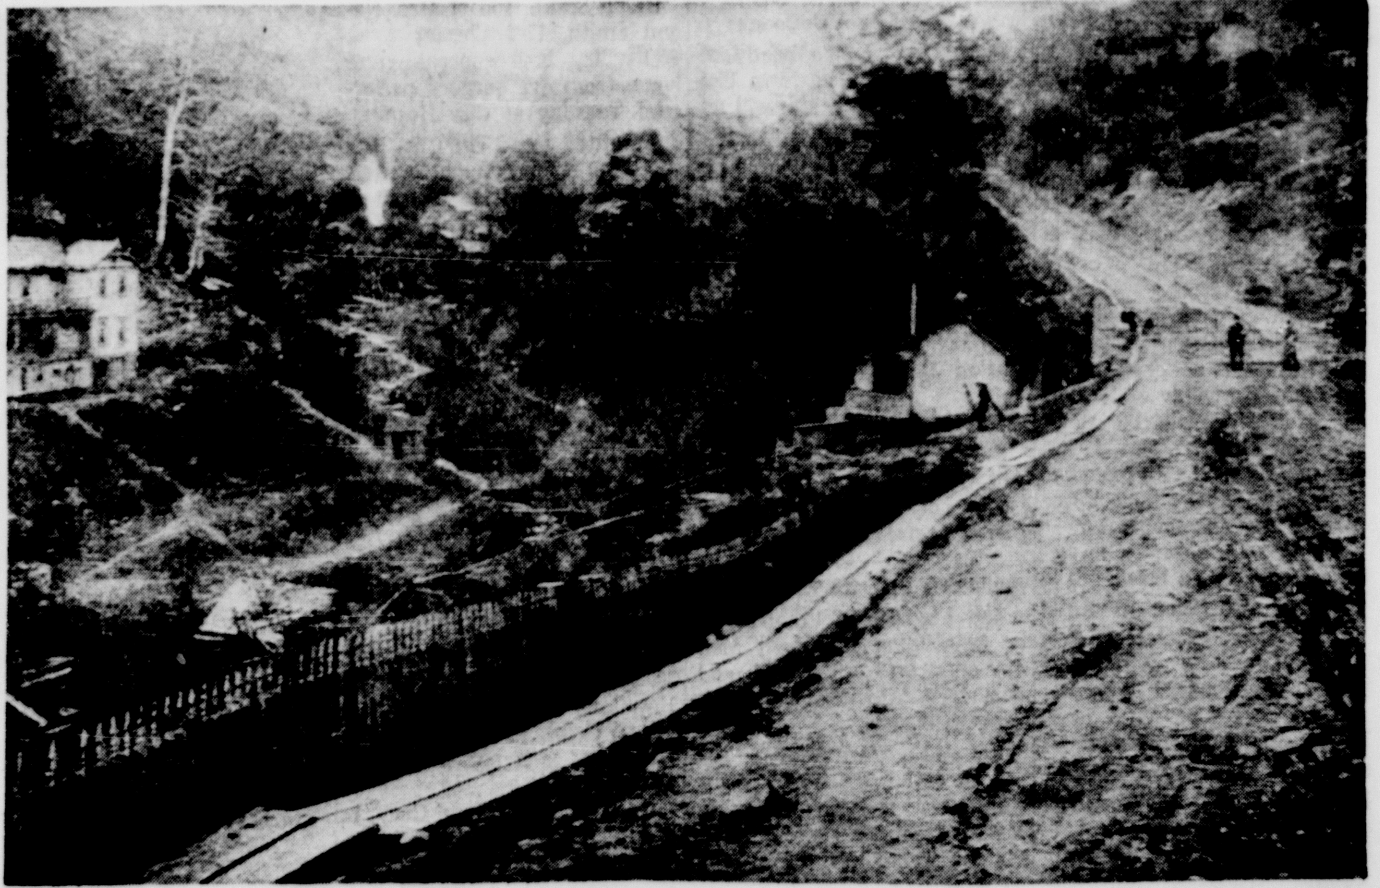

"It is built to run and does it."

"It runs 30 miles on one gallon of gasoline — climbs any hill — and goes through the muddiest roads."

The price was listed at \$650 and those interested were asked to call "at any of our 58 selling agencies".

**"IT'S LIKE OLD TIMES**—but with better roads," says Charles R. Thomas, one of the city's earliest auto dealers, as he tries out the wheel of a 1906 Reo owned by Jess Blackmore, 1254 Pennsylvania Ave., on the unopened northbound section of the new freeway. In sharp contrast to the 58-year-old auto which the Vine St. man formerly sold is a 1964 Chevrolet convertible.

**MUD AND ROCKS** marked the road through California Hollow at the turn of the Century. Pedestrians walked along planks laid along the side of the roadway. Today's motorist should tip his hat in respect for those who blazed the way years ago over "highways" such as these. They were a far cry from today's car-jammed super-roads.

### Federal Program

## Legislature Will Discuss Dependent Children's Aid

COLUMBUS, Ohio (AP)—ADCU—The federal program of aid to dependent children of unemployed parents—will be one of the subjects taken up by the legislature when it returns next week.

This isn't the first time Ohio lawmakers have pondered participation in the program, and a study committee of state senators and representatives has been considering this and other welfare problems since September.

The committee, headed by House Speaker Roger Cloud, R-Logan, is far from unanimous in opinion about Ohio participation in ADCU.

But members voted 5-4 Friday (Rep. Jim Thorpe, R-Stark, not voting) to recommend for legislative consideration a bill calling for:

Including a parent's unemployment as a reason for helping a child under the existing aid to dependent children law in Ohio until June 30, 1965; limiting the county's share of the cost to a maximum amount equal to the public utilities excise tax money distributed to the county; eliminating city relief authorities, and giving county commissioners discretion to determine how much will be appropriated for soldier's relief.

The other proposal, which got four votes, is less detailed. It also calls for participation until mid-1965, says counties would pay half the non-federal costs up to the amount distributed to the county from the .65-mill public utilities property levy, but does not eliminate city relief

authorities or leave soldier's relief to commissioners.

The committee decided also to turn over all its data on the subject, as well as copies of both draft bills, to the legislative committees which will take up the topic.

Any ADCU bill still must be approved in committees of the House and Senate, pass both houses, and have all differences in a House or Senate version reconciled, before it could be laid on the governor's desk.

The committee voted 7-3 to urge the legislature, which returns next week, to come up with some kind of ADCU legislation. Thorpe, Rep. Judson Hoy R-Hamilton, and Sen. Theodore M. Gray, R-Piqua, voted "no."

### Pittsburgh Gunmen Rob, Then Kill Man

PITTSBURGH (AP)—Two masked gunmen robbed a 65-year-old vending machine firm owner and then fatally beat him and shot him in the head, police reported.

The robbers then fled in a company car containing several bags of coins. Gust Georges, owner of the Pennsylvania Vending Machine Co., Carrick, died in Pittsburgh's South Side Hospital Friday night about 1½ hours after the attack at his Baldwin Twp. home.

Detectives said Georges' wife and daughter and a maid also were held at gunpoint but were not harmed.

### As Climax Of Long Study

## 'Human Relations Board' Proposal Awaits Council

Climax of a study that goes back at least 18 months, Council is scheduled to consider legislation Monday night calling for appointment of a 12-member Board of Human Relations to investigate complaints of alleged unfair employment practices and study the cause of "inter-group tensions."

The ordinance calls for appointment of the members by the mayor, followed by establishment of two working committees from among the same membership to make studies and recommendations.

The two five - member committees would be known as the Commission on Inter-Group Relations and the Commission on Employment Practices.

The ordinance provides the members would serve for three years. However, in the initial appointments, four would be named for one year, four for two years and four for three years in order to achieve staggered expiration dates.

Council's impending action dates back at least to the summer of 1962, when a request for the legislation was presented by the local branch of the National Association for the Advancement of Colored People.

At a meeting about a month ago, Council agreed to consider the legislation establishing the group.

The ordinance says the Commission on Inter-Group Relations will "study the cause of inter-group tensions and formulate and carry out a comprehensive education program designed to cultivate better relations."

The purpose is to "help build a community where people learn to act on the basis of facts and accept people on individual merit," the ordinance says. The commission will "recognize and emphasize the value of cultural differences and help build a city where all people increasingly understand and recognize those values."

Complaints on alleged unfair employment practices will be

referred to the Commission on Employment Practices, the legislation provides.

Once it receives a complaint, the commission will "determine the facts." If there is "probable cause" for a complaint, it will seek to make an adjustment. If the efforts are not successful, it will report its findings to the Community Relations Board, which will go through the same procedure.

If no settlement is made within 30 days, a public hearing will be scheduled. The board may decide by two-thirds vote that a discriminatory act has been committed. It then would issue a "cease and desist" order to the defendant. If there still is no compliance, the alleged violation goes to the solicitor for prosecution as a misdemeanor.

The maximum penalty for a violation is a fine of \$100 or 20 days in jail. The ordinance provides the jail term will be imposed if a fine has not been paid within 30 days.

It requires Council to provide office space and clerical assistant for the board.

The employment practice section relates only to firms employing 12 or more. It does not cover "religious organizations; private organizations of social or fraternal purposes or any type of employment where the religious creed or nationality normally would be considered an essential qualification of employment."

Council also may consider legislation authorizing purchase of approximately 400 parking meters to replace worn-out 1947 models. Legislation was requested at the last meeting.

Solicitor Joseph W. Cooper said he will draft the legislation if he receives the required pertinent information on the number to be purchased and other details from the administration and Council.

Jay Wilkinson of Duke scored touchdowns on runs of 64, 67 and 72 yards this season. They were against Virginia, Clemson and Wake Forest, respectively.

### Salem Man Denies Charges Of Forgery

LISBON — Kenneth Kinser, 32, of Salem, who was returned Monday from Naples, Fla., pleaded innocent Friday before Common Pleas Judge Joel H. Sharp on charges of forgery.

Kinser was indicted by the January Grand Jury for forging a \$250 check allegedly stolen from the Kannal & Son Coal Co. and then skipped bond. He was arrested later in Florida and county authorities placed a hold warrant on him pending his release.

Council was appointed by the court and bond of \$2,500 was set.

### Help Heal U.S.-French Rift, Adenauer Urges

BONN, Germany (AP)—Former Chancellor Konrad Adenauer has urged his country to help heal the rift between the United States and France.

Adenauer said Friday such an understanding is "urgently desirable" because "the world has become somewhat disoriented" with President John F. Kennedy's assassination.

# Nitze Takes Oath As New Navy Chief

By ELTON C. FAY  
AP Military Writer

WASHINGTON (AP) — The Navy has welcomed aboard Paul H. Nitze as its new civilian chief, with belief—or hope—that he knows and understands sea power.

Nitze, sworn in Friday as secretary of the Navy, has no naval background. Moreover, he is a disciple of Secretary of Defense Robert S. McNamara, some of whose decisions ride strongly against the tide of Navy aspirations.

But Nitze has developed a familiarity with strategy and its implementation by military forces during almost three years as assistant secretary of defense for national security affairs—foreign military aid—and before that in other government and advisory capacities.

Adm. Claude V. Ricketts, vice chief of naval operations, is one of the professionals who believes Nitze will be good for the Navy.

Ricketts, who has seen several changes in the Navy's leadership, measures Nitze this way: "I have talked with Mr. Nitze frequently on naval subjects and maritime power. Of all civilians, I have found that none understands and appreciates the potentials of sea power as much as Mr. Nitze."

While this comprehension of the broad picture of naval power encourages the Navy professionals, it still leaves open the question of exactly how Nitze stands on a particular issue of sea power: the nuclear aircraft carrier and nuclear-powered Navy ships in general.

McNamara turned down the Navy's proposal to build a second atomic-powered carrier now but in doing so said this did not prejudice the matter of whether future ships should be atomic powered. He told the Navy to go ahead with building a conventionally powered flatop.

When Nitze was before the Senate Armed Services Committee which was considering his nomination, he was asked if he had any pre-conceived ideas about nuclear and conventional powered carriers.

Nitze replied that "everybody is agreed that a nuclear carrier is superior to a conventional carrier"—a point upon which McNamara also agrees but opposes because of the cost difference.

Then Nitze noted that Congress had appropriated funds for building a conventionally powered carrier and that "a nuclear carrier would cost some \$125 million more than a conventional carrier." He said McNamara had decided not to ask Congress for more funds but to go ahead with construction of the conventional carrier.

"And if I were secretary of the Navy, I would expect to execute the decision with all possible speed and continue studies that would bear upon a future carrier, as to whether it might be nuclear propelled," Nitze added.

This seems to mean that Nitze isn't going to take up the battle of his predecessor, Fred Korth, for building another atomic carrier now.

## Kroger Figure's Kin Is Awarded Divorce

CINCINNATI (AP)—After a bitter court fight, Mrs. Sarah Graf Brucker, granddaughter of the founder of the Kroger Co., has gained her divorce from business executive Lewis S. Brucker Jr. Butler County Domestic Relations Judge David Black issued the divorce decree Friday.

Mrs. Brucker, 33, filed for the divorce more than a year ago, charging extreme cruelty. Brucker, a 42-year-old Procter & Gamble Co. executive, then filed a cross complaint, asking for dismissal of the suit and for custody of their three daughters.

Judge Black awarded custody of the daughters to Mrs. Brucker and ordered the father to pay \$400 a month support for the children. He was awarded "reasonable" visiting rights to the girls, now 13, 11 and 7.

## Farm Bureau Group Sets Member Drive

LISBON — Approximately 75 captains and workers for the Columbiana County Farm Bureau Federation's membership drive will hold their annual "kick-off" meeting Monday at 8:30 p.m. at St. George's Parish Hall.

The campaign Tuesday through Dec. 11 seeks a goal of 566 members.

Don Pollitt, Northeastern Regional supervisor, will be guest speaker and the women's committee will serve refreshments, according to Mrs. Evelyn Hoopes, organization director of the county group.

## Belong To Firm's President

# Deputies Seize Records In Merger Plan Dispute

CINCINNATI (AP)—The dispute about the proposed merger—or sale—of DuBois Chemicals Inc., has resulted in the company president's records being seized by sheriff's deputies.

The deputies seized the records of Charles DuBois and his secretary Friday night after a court order issued by Common Pleas Judge Charles C. Weber in response to a suit by two dissident directors of the cleaning compound firm.

Louis Lerner and Clyde C. Hargadine, the directors, filed a suit accusing the board majority of mishandling funds in connection with DuBois' pending absorption by the W. R. Grace & Co. of New York.

The two directors also asked that the board majority be cited for contempt of court for alleged violation of an earlier Hamilton County Common Pleas Court order.

The two dissident directors asked the court to award the company's stockholders damages of more than \$30 million if the merger with Grace goes through.

## Man's Convicted In Stabbing Case

AKRON, Ohio (AP)—A three-judge panel has convicted Kenneth B. Ward, 51, of first degree murder in the stabbing death of his former stepdaughter, but recommended mercy, making a life sentence mandatory.

A defense motion for a new trial was filed shortly after the verdict was returned Friday by Common Pleas Judges Claude V. D. Emmons, John M. Kelly and Frank H. Harvey. Sentencing was deferred pending a ruling on the motion, which is expected Monday.

Ward, of Portage Lakes, was indicted for the death of Miss Natalie Peyakov, 19, last Feb. 2. He had pleaded innocent by reason of insanity, but reversed his plea midway through his trial, leaving the judges to determine the degree of guilt.

## Roth Back In Hospital With Condition 'Poor'

Herman Roth, 61, a retired police captain, was in "poor" condition today at City Hospital, where he was admitted early this morning for the second time this week.

Roth was taken to the hospital by cruiser after his wife notified the department at 2:10 a.m. that he had again started to bleed internally.

The retired officer, who was second in command under the late Chief Hugh J. McDermott, was admitted early last Sunday and discharged Wednesday.

## Young Driver Killed

PLEASANT VALLEY, N. Y. (AP)—One hour after he picked up his junior operator's license, Peter C. Mosier, 16, of Wassaic, N.Y., was killed in a three-car collision while driving home Friday.

Lerner and Hargadine announced their opposition to the merger more than two months ago and started a proxy fight in preparation for a coming stockholders' meeting. On Nov. 4 they obtained a court order under which DuBois must show them copies of all documents dealing with the merger before they are distributed.

In their motion for a contempt of court citation, Lerner and Hargadine said they were not given copies of proxy material mailed on Nov. 21 and neither Nov. 26 or 27. They asked the court to bar the board majority from using proxies thus obtained.

Judge Weber set a hearing on the motion for Dec. 2. Lerner and Hargadine contend the DuBois stockholders would lose through the transaction which involves trading two shares of DuBois stock for one share of Grace stock. The board majority says the shareholders would benefit because Grace stock is quoted at a higher price.

## Escapee Put On FBI 10 Most Wanted List

CLEVELAND (AP) — A 37-year-old Cleveland man who walked out of a common pleas court room here Feb. 4 while awaiting trial has been put on the FBI's list of 10 most wanted fugitives.

Alfred Oponowicz and two others were awaiting trial for attempted burglary of a Cleveland Trust Co. branch on Sept. 2, 1962. Oponowicz left his coat and hat with his wife and walked out after a court recess.

Joseph Arrington, 43, of Cleveland, and Charles Polizzi, 31, of Lyndhurst, later were convicted of the attempted burglary charges. Police said Oponowicz has a criminal record dating back to 1943.

# 22 Unclaimed Dead In Fire Are Buried

NORWALK, Ohio (AP)—The bodies of 22 unclaimed dead from the Golden Age Nursing Home fire a week ago at Fitchville were buried in Woodlawn Cemetery here Friday.

Gov. James A. Rhodes, Welfare Director Denver A. White and Martin A. Janis, mental hygiene director, were among those attending the 15-minute graveside service.

Sixty-three persons perished in the fire, whose cause still has not been established. Bids for the other 41 victims have been claimed by relatives.

A Catholic priest and a Protestant minister gave the final rights, which was watched by several hundred persons. A Jewish rabbi conducted private rites, after the crowd had cleared, for two of the victims.

A National Guard unit from Norwalk capped the services with a 15-gun rifle salute.

Most of those buried were elderly persons who apparently had no relatives or whose next-of-kin could not be located by either the Red Cross or police.

Twenty-one bodies were buried in a 60-foot long grave. The 22nd body, of John Rook, a veteran of World War I, was buried in a separate grave.

A 29-car procession took the 17-mile final journey from the funeral home in New London to the cemetery. It passed the site of the destroyed nursing home on the trip.

## Ohio Escapee Gives Up In Massachusetts

SPRINGFIELD, Mass. (AP)—Willard Hill, who escaped Nov. 22 from a Columbus, Ohio, hospital where he was being treated for a police-inflicted gunshot wound, has surrendered to authorities here.

Officers said the 31-year-old Hill decided to give up Friday after officers surrounded his home. Earlier, he had threatened to "shoot it out," they said.

Hill was wounded in Columbus when police found him robbing a coin telephone. He is wanted in connection with a stolen car ring that has been operating for 18 months in Springfield, New York, and Maryland, officers said.

# Ohio Traffic Toll Lists 11 For Holiday

By The Associated Press  
COLUMBUS, Ohio (AP)—Ohio passed the halfway mark in the long Thanksgiving holiday period Friday night with predictions that 22 persons would perish on the highways appearing accurate.

The 4 1/2-day period which began at 6 p.m. last Wednesday continues until Sunday midnight. At 9 p.m. last night—half-way point in the period—eleven persons had died on the highway, or exactly half the total predicted by the State Highway Safety Department.

Only one multiple-death accident had been reported to the Associated Press. Two persons were killed west of Springfield Thursday in a chain-reaction crash that occurred in the heavy fog.

Among the latest victims was Mrs. Vestacia Goode, 65, of Alliance, who died Friday night in a three-vehicle crash near Twinsburg.

Dow Courtman, 39, of Wooster, perished in a crash near Mansfield that left his wife and another person injured.

An 18-year-old Darke County boy, John Hofacker of near Arcanum, was killed last night when a milk truck crashed into the rear of a farm tractor on which he was riding.

# New Telephone Directories Due For Distribution

The new 1963 East Liverpool-Wellsville telephone directory will be delivered Tuesday through Friday, the Ohio Bell Telephone Co. announced today.

Don Honicky, commercial manager in East Liverpool, said approximately 30,600 copies will be distributed to subscribers in East Liverpool, Wellsville, Salineville and surrounding communities. Another 7,000 copies will be held in reserve for use during the year.

A crew of about 50 will deliver the new book. Old telephone books will not be collected, Honicky added.

Size and format of the new book are the same as the 1962 edition and it has about the same number of pages, bound this year in a cobalt blue cover.

Again this year there are more all-digit telephone numbers in the book. Honicky said that by the end of 1966 all East Liverpool area subscribers will have seven-digit telephone numbers.

The new book has 144 pages, 12 less than the 1962 edition. This year's issue has 64 white pages of alphabetical listings, 72 yellow classified pages and an eight-page blue section.

Other standard features in the directory include fire and police emergency numbers on the first information page, information of free programs offered to groups by Ohio Bell and service numbers for customers dealing with the company.

## White House Flooded With Sympathy Notes

WASHINGTON (AP) — More than 185,000 letters and 50,000 telegrams of condolence have poured into the White House since the assassination of President John F. Kennedy in Dallas last Friday.

Press aide Andrew Hatcher, who reported the totals to newsmen, said most of the letters and wires were for Mrs. Kennedy, but some were addressed to President and Mrs. Johnson.

The earth is considered a solid, rigid mass, the core of which is thought to be metal, probably in a molten state.

# Dallas Making Effort To Get Back To Normal

DALLAS, Tex. (AP) — Dallas appeared today to be trying, almost frantically, to get back to normal eight days after an assassin here had shot to death President John F. Kennedy.

Downtown department stores and neighborhood shopping centers were jammed. Traffic was bumper to bumper in downtown business sections, and freeway traffic was heavy and fast.

President Kennedy, after a triumphant motorcade through the city, was killed by two rifle shots fired by a sniper on the sixth floor of a building at the edge of the business district. Gov. John B. Connally was hit by one bullet from the sniper's gun last Friday and was critically injured. He is recovering in Parkland Hospital here.

Where crowds were silent and reverent for the first few days after the tragedy, opinions were being expressed more frequently little more than a week after the shooting.

Obviously, however, most Dallas residents were saddened by the chain of events that saw the President killed and his accused assassin shot to death by a strip-tease joint operator about 48 hours later.

Kennedy was shot where Elm Street plunged downward on the

western outskirts of the downtown section toward a three-street underpass. Green grass covered the banks of the street on north and south the day of the tragedy. Today only floral offerings to the late president's memory can be seen. Flowers are stacked high on each bank of the street, and each day the stack of wreaths grows.

Motorists drive slowly by the site. Many take photographs of the banked flowers. Many say a silent prayer. Some stare ahead as if the flowers were not there. And frequently a wreath is thrown from a car to add to the floral profusion.

In Dallas County Jail one of the principals of the tragedy was held. He is Jack Ruby, 52, the night-club operator who gunned down Lee Harvey Oswald, 24, the president's accused killer. Oswald was killed as police attempted to transfer him from City Jail to the county prison, a block from where the president was assassinated.

Sheriff Bill Decker said Ruby appears to be in good spirits.

"He realizes he is in a jam," said the veteran officer, "but I would say his morale is good. He appears to have made a good adjustment to jail life. He has been eating his meals and apparently sleeping well."

# Rules Are Laid Down For 25 Santa Clauses

LOS ANGELES (AP)—They tell us this is the age of regimentation. And bless us, even Santa Claus has to follow rules these days.

Some of Santa's rules, of course, are self-imposed—such as: don't make scary faces at the kiddies.

But there are others.

Lt. Col. Paul H. Nolte of the Volunteers of America spelled them out Friday in graduation exercises for 25 sidewalk Santa Clauses who'll ring bells for donations to make Christmas merrier for the less fortunate.

Among the rules were:

Don't smoke on duty. (You might go up in flames if your beard ignites.)

Don't lean on your chimney. (You might fall in head-first.)

Don't make promises. (Who do you think you are, a millionaire?)

Keep a clean breath—avoid garlic and onions. (Ever hear of a Santa with halitosis?)

Ring your bells but don't be a nuisance. (Jingle 'em merrily, don't make like Big Ben.)

Call out "Merry Christmas," but don't put on a show. (If you

can remember your lines, that's fine, but knock off the solo bows and encores.)

But Nolte forgot to list one of the most important rules for sidewalk Santas.

That rule was illustrated when 4-year-old Genji Brush accidentally wandered into the graduation ceremony. Tears welled in her confused eyes as she demanded: "Who is the real one?"

So remember this rule, too, Santa:

"Santa Clauses will not fraternize with their fellow workers."

# Midland Defeats Coraopolis Cagers In Opener, 43-39

## Staves Off Foe's Last-Half Rally

By ANDY NUZZO

The Midland Leopards had to fight off a valiant second-half rally on the part of the Coraopolis Blue Devils to win their season opener by a 43-39 count Friday night at Midland.

After jumping off to a quick 15-2 lead in the opening stanza and increasing it to 29-11 at the half, the Leopards of Hank Kuzma ran into a great deal of trouble in the final two periods.

The turning point of the contest came in the final 40 seconds of play with Midland holding a slim 41-39 lead.

Coraopolis's Tom Santacruz stole the ball from Midland's Bill Haggerty at mid-court and seemed on his way for an easy layup that would tie the contest.

But Santacruz's layup hung on the right side of the rim a few seconds before falling off into the waiting arms of Midland's Sim Hill.

On the rebound Santacruz fouled Hill in a vain attempt to regain possession of the ball and the big Leopard center calmly swished a pair of free throws to give Midland its margin of victory.

Juniors Norman Vanlier and Ron Brown led the Leopard offensive attack. Vanlier meshed five fielders and four of six free throws for 14 points and Brown hit five field goals and one charity toss for 11 markers.

Don Smith led Coraopolis with 13 points on six field goals and a free throw. Jim Fisher aided the Blue Devil cause with 11 markers on four fielders and three charity tosses.

Midland shot 32 per cent from the field, hitting on 17 of 53 attempts. Coraopolis sank 16 of 48 fielders for 33 per cent.

After completely dominating play in the first two quarters, the Leopards found the going a little rougher in the second half.

The Blue Devils came out for the third period and immediately went to work on the large Midland lead.

Outscoring the Leopards, 17-5, in the third quarter, Coraopolis whittled the Midland lead to a mere four points, 32-28.

In that disastrous period, Norman Vanlier was the only Leopard able to find the mark, scoring all five points.

Coraopolis only managed to come within one point of Midland twice in the fourth stanza but could not assume the lead.

Three quick points by the Blue Devils at the outset of the final quarter cut Midland's lead to 32-31 and after Vanlier sank two free throws, Jim Fisher swished a jumper from the corner and Coraopolis pulled within one point for the last time in the contest at 34-33.

Hill, Rod Alston and Brown each sank a two-pointer while Santacruz swished a pair of push shots and Midland held a 40-37 lead with two minutes left in the game.

Vanlier then dropped in the second of a two shot free throw situation and Don Smith retaliated with a jump shot from the side to cut the Midland lead to 41-39.

Hill then converted a pair of charity tosses after Santacruz muffed his golden opportunity to tie the game.

Kuzma alternated 11 players throughout the game, testing all of his varsity players under fire.

In the preliminary, the Midland JV's edged Coraopolis in another tight battle, 32-30. Dan Gornak, who paced the Leopards with nine points, dropped in the winning basket with less than a minute remaining.

Stan Yucika was at the helm of the Midland reserves, substituting for Ed Olkowski, who is ill.

Midland will entertain the highly-touted Ellwood City Wolverines Tuesday evening.

## Host Spot In Rose Bowl To Be Settled In Big 6

By BOB GREEN

Associated Press Sports Writer

A couple of doddering granddaddies—one the bowl and one The Game—take the spotlight today in the somber windup of collegiate football's regular season play.

The host spot in the Rose Bowl, granddaddy of all the post-season extravaganzas, will be settled in a couple of Big Six family squabbles at Los Angeles and Seattle, with Washington's Huskies favored to take it all.

And in New Haven, Conn., The Game will match Harvard and Yale for the 80th time in the most storied of all the traditional games.

Those three games, along with a majority of the games scheduled, were postponed from last weekend because of the death of President Kennedy. Most games scheduled memorial services and patriotic music at halftime instead of the usual colorful shows.

Illinois gained the visitor's spot in the Rose Bowl when it captured the Big Ten title with a 13-0 decision over Michigan State Thanksgiving Day. The Illini's opponent will be determined in the crosstown feud between Southern California and UCLA and the Washington-Washington State game.

Washington, at 5-4 overall and 3-1 in the league, can take it all by beating Washington State. Should the Cougars upset the Huskies, however, the winner of the Southern Cal-UCLA game probably will get the nod. UCLA has only a 2-7 overall mark, but both victories were in Big Six play, including an upset of Washington. Both the Trojans and the Bruins have 2-1 league records.

The West Coast representative will decide in a poll of league officials immediately after the two games.

Spots in the Cotton, Sugar and Orange Bowls also could be affected by the Saturday schedule, although Navy has postponed until next week its classic clash with Army. The second-ranked Middies are prime bowl contenders, but won't be in the market if they don't win their fifth straight from the Cadets.

Alabama and Auburn, each with a 7-1 record and ranked sixth and ninth respectively, both are bowl contenders regardless of the outcome of their clash in Birmingham. Auburn is a top choice for the Orange to

oppose Nebraska, while Alabama appears headed for the Sugar Bowl, possibly to oppose Mississippi.

Ol' Miss, ranked third on a 7-0-1 record, is favored to beat old foe Mississippi State, 5-2-1, again, but it could be tough. Ol' Miss Coach Johnny Vaught, however, hasn't lost to his state rival in 16 games.

Georgia Tech, with quarterback Billy Lothridge, hopes to impress the bowl selectors against Georgia while fifth-ranked and bowl-conscious Pitt has a night game at Miami.

Princeton can win the Ivy League title with a victory over Dartmouth, but should the Big Green win and Harvard beat Yale, the Crimson would take the title.

The Harvard-Yale game is one of three scheduled for regional television coverage. It will be shown in the East. The others are Ohio State at Michigan in the Midwest and Far West, and Baylor at Rice in the South and Southwest.

## February Dates Likely For Clay And Liston Bout

By CHARLES MAHER

Associated Press Sports Writer

LOS ANGELES (AP)—The latest on the heavyweight title fight between champion Sonny Liston and Cassius Clay is that it may come off in Las Vegas Feb. 24. If not then, possibly Feb. 17. Or maybe even Feb. 10.

Of course there's not much chance the situation will remain that definite.

These two guys may have fixed the date of a rematch before they agree definitely when they'll fight the first time.

And when they've exhausted the publicity potential of vacillating about the date of their ground confrontation, they may be expected to honor an old boxing tradition by arguing about the size of the ring, the weight of the gloves, the color of the trunks, the wattage of the ring lights and the position of the planets on the most recent fight date, which they will have just changed.

Iowa's Fred Riddle set a Big Ten record when he threw five touchdown passes in the game against Indiana this season.

## Stanton Local Wins Opener, 57-55

Stanton Local gained a slight advantage in the third period and went on to nip Wayne, 57-55, to open its season successfully Friday night on the Stanton boards.

Coach Harry Diehl's Red Raiders return to action tonight at Brilliant against Coach Bob Henderson's Blue Devils.

Stanton pulled away in the third period to a seven point lead at one point, but Wayne whittled it down to only four heading into the last quarter.

A balanced attack marked the Red Raiders' debut, with

pint-sized Ken Davidson leading the way with 14 points on seven field goals.

Big Larry Spires dropped in 11, while tall Willard Smolinsky had 12 and Scarabino 10.

Tom Henderson of Wayne led all scorers with 27 points. In the preliminary, the Stanton Local reserves whipped Wayne's Reserves, 32-23.

## Palestine Beaten, 66-56, By Canfield In Inaugural

CANFIELD — East Palestine High's veteran-laden cage squad opened the season with a 66-56 defeat at the hands of Canfield's Cardinals Friday night.

The Cards shot away to an early lead and remained in front to the end, behind Jeff Cummings' 19 points.

Captain Bob Dickey, 6-2, led East Palestine with 22 points. Four other veterans were in the lineup for Coach Chick McBride, including Steve Hirt, Ken Patton, Mike Smotrilla and Jerry Herbert, 230-pounder, who failed to tally.

East Palestine's reserves swept the preliminary, 48-43.

## Southern Local Wallops JU, 72-38, In First Start

Southern Local initiated its new gymnasium in winning style Friday night when Coach Al Girona's Indians routed Jefferson Union by a 72-38 count in the opening game for both schools.

The Indians led all the way in last night's curtain-raiser and now get set for the invasion of Jewett tonight in hopes of making it two straight.

Girona cleaned the bench and 11 players broke into the scoring column, with junior Ron Lewis netting 13 points to set

and coasted to a 57-31 margin after three quarters.

Keith Dickinson was the lone JU player to hit the double figures with 11.

The JU reserves defeated Southern Local's jayvees, 32-22, in the preliminary bout.

## Browns Face Cards In Big NFL Contest

By TOM PENDERGAST

ST. LOUIS (AP) — Vengeful Cleveland brings Jimmy Brown and company to St. Louis Sunday for a National Football League game with the surprising Cardinals which could help decide the Eastern Division championship.

The Browns, defeated 20-14 by St. Louis at Cleveland two weeks ago, are in a three-way tie with the Cards and New York for first place. Each has an 8-3 record.

For the Cardinals, it's their third straight clutch game. After knocking off the Browns, St. Louis moved to New York and topped the Giants 24-17, throwing the Eastern race into a triple tie.

The losers could be out of the running for the Eastern championship, but there's a possibility that a slip by any of the top three teams could cause a four-way race. The Pittsburgh Steelers, 6-3-2, meet the cellar-dwelling Philadelphia Eagles at Pittsburgh, while the Giants journey to Dallas' Cotton Bowl and a battle with the Cowboys, 3-8-0.

In other NFL games, Baltimore, 5-6; plays at Washington, 3-8; Los Angeles, 4-7, goes to San Francisco, 2-9, and Chicago 9-1-1, the Western Division leader, hosts Minnesota, 4-7. Green Bay, 9-2-1, missed a chance to gain a game on Chicago Thursday, managing only a 13-13 tie with Detroit, 4-7-1.

After this weekend, each team will have only two games remaining. Browns and Cardinals both must play Dallas, and St. Louis has a home game with the Eagles. The Giants meet Washington and Pittsburgh in their final two games, and Cleveland plays Detroit and Washington.

## Celtics Whip 76ers In 14th NBA Victory

By The Associated Press

There seems to be something out of the ordinary whenever the Boston Celtics play one of their National Basketball Association games on a neutral court in Providence, R.I.

Back on Feb. 15, Bob Cousy tossed in pro basketball's longest shot on record, a 79-footer, against the Syracuse Nats. Friday night the Celtics found a slippery floor to their liking and raced to a 112-78 victory over the Philadelphia 76ers, nee the Nats.

The 76ers, who took over the Syracuse franchise after last season, played the last quarter under protest. Player-coach Dolph Schayes claimed the floor at the Rhode Island Auditorium was too slippery from rain seeping through the roof. At the time Boston led 63-34 as Tommy Heinsohn, with 18 points, Bill Russell with 15 and Clyde Lovellette with 13, seemed to have no trouble getting around.

It was the seventh straight victory and the 14th against only one defeat for the Celtics who are after their sixth straight NBA championship.

Cincinnati, the only club to beat the Celtics so far this season, crushed the New York Knicks 135-110 in one of the three other scheduled NBA games Friday night. Baltimore edged San Francisco 100-99 and Los Angeles drubbed Detroit 127-111.

## Harris Discusses Prospects, Rules

A brief discussion on the prospects of the 1963-64 Potter basketball team and an explanation of some rules modifications were given by Coach Jim Harris when he addressed the Lions Club Friday afternoon at the Travelers Hotel.

Harris also appealed for less criticism of players by the fans.

The six seniors and five juniors now on the varsity are "a little bit taller" than the last three ELHS basketball teams, Harris said, "but we can't be considered big."

"I DON'T know how many we are going to win or lose, but I believe it will take a good ball club to beat us," Harris declared.

On the starting five at present is one player 6-4, three 6-footers and the small man is 5-foot-6.

The team was outsized against both Massillon and Canton McKinley in the Steubenville preview, the coach pointed out.

The second stringers bowed, 9-6, to Massillon, which has all its regulars back. The starting five lost, 19-15, to McKinley despite giving away a lot of height.

ONE MCKINLEY starter is 6-foot-8 and weighs 220, and the others are 6-6, 6-4, and 6-3 with the small man being "only" 6-foot.

Midland, against whom the Potters open the season next Saturday night, has four regulars returning and they have better than average heights, Harris said.

Salem may, for the first time in several years, experience height problems, he said.

One of the rules modifications this year provides the official

must handle the ball on all out-of-bounds plays except after field goals or conversion of fouls.

HARRIS said the rule probably will discourage fast breaks, encourage zone press and make the game last longer.

There are no more so-called "floor rules" this season and the rule concerning a man being forced out of bounds also has been eliminated. If a player is so crowded along the boundary line that he goes out of bounds, it will be either a foul against the defensive man or the ball will go over to the other team.

"COURTESY" time outs in which an official called time for a player to tie a shoe lace or fix a shoe also have been cut out. A time out will either be charged against the team or the team will have to continue play with four players until the fifth man can fix the shoe lace, Harris explained.

Harris was introduced by Richard Martin, program chairman.

John Smith, president, announced the Board of Directors will meet Monday at 8 p.m. at the Potters Savings & Loan Co. annex.

ED CUSTER, chairman, reported the club sold 104 tickets for the auto show sponsored by the Steubenville Lions Club and will net \$52. Howard E. Tice, chairman, announced the attendance contest still has four weeks to run.

Films of the halftime performance staged by the ELHS Twin Bands at Ohio Wesleyan University will be screened by Vincent Maola, band director, at Friday's meeting. Harry Faulk will be program chairman.

## Sophs Lead Rally In Crestview Win

Outscoring its opponent, 26-16, in the fourth period, Crestview gained a 62-57 come-from-behind victory over visiting North Lima Friday night as both schools raised the curtain on the 1963-64 season.

Coach Bruce Weber's inspired forces led 27-26 at halftime, but produced only nine points in the third quarter to fall behind 41-36 going into the final eight minutes before putting on the late surge to register victory No. 1.

Jim Kress, Crestview's All-Ohio star last season, is gone but Bill Kress, a cousin of Jim's, is around. The 6-2 sophomore led all scorers last night with a 22-point effort in his varsity debut as he popped in 7 field goals and 3 free throws.

It was sophomore night for Crestview as Larry Athey, another 6-2 second year man, was next in the scoring with 19.

North Lima was paced by Jim Perry who wound up with 21 points.

Crestview made it a clean sweep by winning the reserve contest, 48-32.

## Monaca Blasts South Side Quintet In Opener, 80-44

South Side High's Rams drew a tough foe for their season opener Friday night and they lost it by 80-44 to Monaca.

Monaca spurred to a 24-9 first period lead and won decisively on the South Side court.

Powell and David Ashcroft scored all but nine of South Side's points.

Hitting seven goals and seven free throws, Powell netted 21 points, while Ashcroft dropped in 14.

Monaca showed three players in double figures.

The South Side Reserves also lost their opener, 43-18, to Monaca.

**SOUTH SIDE**—44: Skotnonger 0-1-1; Powell 7-7-21; Skotnovich 0-3-3; Feden 0-2-2; Dawson 1-0-2; Ashcroft 6-2-14; Fraser 0-1-1. Totals 14-16-44.

## College Basketball Opens

By TED MEIER

College basketball edges into the sports picture tonight with, as usual, numerous intersectional games taking the spotlight on the official opening of the season.

George Washington at Cincinnati, Penn State at Duke, Wyoming at Wichita, Virginia at Kentucky, Minnesota at Kansas State, Tulane at Toledo and Oregon State at Washington State top the list.

Results of these clashes are expected to provide a clue to such questions as: Can Wichita beat out Cincinnati in the tough Missouri Valley Conference? Is Duke, the champion of the Atlantic Coast Conference, as good as rated? Is Kentucky really as bad as its Coach Adolph Rupp fears? Is Toledo a real dark horse? Can Kansas State beat out Oklahoma State in the Big Eight? Will Oregon State again be the top independent on the Pacific Coast?

The main question is, of course, can any of them beat

## Feuding Charges, Oilers Headline Action In AFL

SAN DIEGO, Calif. (AP) — The San Diego Chargers and the Houston Oilers, feuding American Football League rivals, will headline the action Sunday as the AFL resumes its activity after an unscheduled week of rest.

All action in the AFL was postponed last weekend out of respect to the late President Kennedy.

The Charger-Oiler game will be a match of the leaders in the AFL's two divisions. Both need a win badly and a near-capacity crowd of 33,000 is expected to watch the fireworks. The game will be televised nationally.

A loss for Houston would throw them into a deadlock in the Eastern Division race with the winner of the Buffalo-Boston clash in Boston's Fenway Park. Houston, 6-4, leads the Eastern scramble by one game and

Boston and Buffalo are deadlocked in second place with identical 5-5-1 records.

San Diego's position isn't much more secure. The

## East Junior To Open Cage Season Tuesday

East Junior High School will open its 1963-64 basketball season Tuesday at 4:30 on the East End court against Beaver Local.

Chargers, 8-2, hold a 1½-game lead in the AFL's Western Division but are hard-pressed to stay a jump ahead of the red-hot Oakland Raiders.

The Raiders, 7-4, downed Denver 26-10 in a Thanksgiving Day encounter and are priming their attack for a showdown with San Diego Dec. 8.

A San Diego loss to Houston would cut its lead to one game and mount pressure for the Oakland encounter, Oakland beat San Diego 34-33 in their first meeting this year.

In another AFL game, the New York Jets, 4-5-1, will nurse their waning title hopes in a game against Kansas City in New York's Polo Grounds. A Jet loss would virtually eliminate them from contention.

**NEW YORK (AP)** — After only 10 pro fights Johnny Persol is ready to step into the light heavyweight division's top 10.

The undefeated, 22-year-old Brooklyn shipping clerk served notice on the other top-notchers by whipping ninth-ranked Allen Thomas of Chicago in a television 10-rounder at Madison Square Garden Friday night.

"I can hold my own with any of them," he said.

The upset victory made it 10 straight for the poised youngster who turned pro in January after winning all of his 85 amateur fights.

Called in to sub for Peruvian Maruo Mina only 11 days ago, Persol displayed poise, skill and stamina in going 10 rounds for the first time.

The rangy, broad-shouldered underdog swept the first five rounds, tired and lost the next two, and then came on to wrap up the verdict over the 12-5 favorite.

A natural light weight, Persol weighed 174½ to Thomas' 172½. Thomas' record now is 19-3-1.

The officials had Persol ahead by the following rounds scores: Judge Bill Recht, 6-2-2; Judge Joe Armstrong, 7-3, and referee Joe LoScalzo, 5-4-1. The AP's card had Persol in front, 7-3.

In swinging a golf club the head of the club may reach 120 miles per hour but the hands travel 30 mph or less.

**Gary Peters**  
**Top Rookie**

By BOB SALMON  
Associated Press Sports Writer

**BOSTON (AP)** — Persistent Gary Peters, the left-hander who began to feel like a yo-yo between the minors and the Chicago White Sox, was named the American League Rookie of the Year for 1963 Friday, beating out teammate Pete Ward.

The 26-year-old Peters received 10 of the 20 votes cast by a committee of the Baseball Writers Association of America. Third baseman Ward of the White Sox received six votes. Minnesota Twins center fielder Jimmie Hall drew the other four.

## Illini, MSU Land Two On All-Big Ten

CHICAGO (AP) — Champion Illinois and runner-up Michigan State each grabbed two berths on the 1963 All-Big Ten football team named by The Associated Press Saturday.

Center Dick Butkus and tackle Archie Sutton, typifying Illinois' great defensive team, were selected on the squad along with end Dan Underwood of Michigan State and teammate Sherman Lewis, one of the speediest halfbacks in the country.

Except for Ohio State, which for years has dominated All-Big Ten football teams, every other club in the league placed one man on the first team.

Lewis and Butkus, along with tackle Carl Eller of Minnesota, were unanimous choices. Joining Lewis in the backfield were fullback Tom Nowatzke of Indiana, halfback Lou Holland of Wisconsin and quarterback Ron DiGravio of Purdue.

Other members of the first team were end Chuck Logan of Northwestern, and guards Mike Reilly of Iowa and Joe O'Donnell of Michigan.

Paul Warfield, Ohio State halfback on the 1962 first team, dropped into the No. 2 backfield which also included Tom Myers of Northwestern, Paul Krause of Iowa and Jim Grabowski of Illinois.

Rounding out the No. 2 team were ends Bob Hadrick of Purdue and Floyd Webb of Iowa; tackles Bill Keating of Michigan and Roger Pillath of Wisconsin; guards Tom Jenkins of Ohio State and Earl Lattimer of Michigan State, and center Frank Marchlewski of Minnesota.

The bonds of all of said issues shall be dated October 1, 1963, and shall draw interest payable semi-annually on the first day of June and December of each year, at the rate of 3½% per annum, and are payable at the office of the City Treasurer of the City of East Liverpool, Ohio. Any person desiring to do so may present a bid for said bonds based upon their bearing a different rate of interest, but not in excess of six per cent provided that where a fractional interest rate is bid, such fractional rate shall be one-eighth of one per cent or a multiple thereof. All three issues are supported by limited taxes.

Bids shall be made only for "All or None" of said bonds aggregating \$17,150 in principal amount, and the same single rate of interest must be bid for all three issues. Split rate bids on a single issue and bids at different rates for the respective issues will not be considered.

Said bids will be promptly considered, and said bonds will be sold to the highest bidder offering the lowest rate of interest, as hereinafter defined at not less than par and accrued interest. The lowest interest rate will be determined by calculating the interest charges for each issue to the stated maturities at the rate specified therefor and deducting from the aggregate of such charges for all issues the aggregate premium bid. The expense of delivery within the State of Ohio shall not be considered in determining the highest bidder. If each of two or more bids is the highest bid offering the lowest interest rate, the bonds will be awarded on such one of said highest bids as is chosen by lot. All bids must be accompanied by cash or a certified check or official's check, or certified check, payable to the municipality, or any cashier's check, aggregating one per cent of the par amount of said bonds, upon condition that if the bid is accepted, the bidder will receive and pay for such bonds in accordance with the terms and provisions of this notice. No bank bidding for such bonds shall file its own cashier's or official's check, nor a check certified by it. Such security shall be held by the municipality unused pending delivery of the bonds and forfeited as full liquidated damages in the event of default by the successful bidder.

The proceedings for this issue have been taken under the supervision of Squire, Sanders & Dempsey, Bond Attorneys, Cleveland, O. It is the opinion of said firm that the bonds whose approving opinion may be obtained by the successful bidder at his expense. A complete transcript of proceedings for the printed bonds will be furnished by the municipality, together with a certificate showing no litigation pending or threatened at the time of delivery, to enable delivery or to contest the validity of the bonds or the power to issue them or to levy collection of taxes or special assessments for their payment.

In the event the interest on said bonds should be act of Congress or otherwise become subject to Federal Income Taxes prior to delivery, the successful bidder may be required to accept delivery and in such event his bid security shall be returned without interest.

It is contemplated that the legislative authority of the municipality will meet at eight o'clock p. m., Eastern Standard Time, on the 16th day of December, 1963, to consider said bids and make an award.

The bonds shall be delivered for payment within the State of Ohio to the purchaser or to a bank designated by the purchaser without charge. If delivered at a place outside the State of Ohio, the purchaser shall pay expense of delivery at that place.

Before making tender of the bonds at the place of delivery the municipality shall give written notice to the successful bidder not later than the third day before the proposed tender, of the fact that the bonds, transcript, no-litigation certificate, and approving opinion will be available for delivery and giving the date and hour the tender at the said place of delivery, provided however, that nothing herein contained shall prevent the making of a mutually agreeable arrangement for the delivery of the bonds either at the place fixed for delivery or elsewhere.

If such notice has not been given by the municipality or waived by the successful bidder and the bonds, transcript, no-litigation certificate and approving opinion are not available for delivery to the successful bidder at such place of delivery on or before 12:00 o'clock noon of the 30th calendar day after the day fixed for the receipt of bids, and the successful bidder shall not be in default of any of his obligations, he shall have the right thereafter and so long as no such tender by the municipality shall yet have been made, to cancel the contract of purchase, such right to be exercised by delivering to the undersigned (or to his office during business hours) written notice of such cancellation. Such bidder shall thereupon be entitled to the return of the deposit which accompanied his bid and it shall be returned to him immediately.

The right is reserved to reject bids. City of East Liverpool, Ohio

## Montgomery Accepts Bids As Negro Police

MONTGOMERY, Ala. (AP) — The Montgomery police department will accept applications immediately for a Negro police reserve.

Police Chief W. M. Stanley said Friday that the unit would be composed of 36 Negroes "trained in police fundamentals in order that they might be prepared for active duty assignments in the event that circumstances should require."

## New Factory Slated

WARREN, Ohio (AP) — Plans to build a factory in Gardner, Mass., have been announced by the Van Huffer Tube Corp., one of Warren's leading manufacturers. Harold Van Huffer, president of the firm, said Friday the cost of the new plant and the number it will employ have not been decided.

**NOTICE OF SALE OF BONDS**  
Sealed bids will be received by the undersigned, Auditor of the City of East Liverpool, herein referred to as the municipality, in the County of Columbiana, Ohio, at his office in the City of East Liverpool, Ohio, telephone number of which are, respectively, 126 West Sixth Street, East Liverpool, Ohio, phone No. 385-12, and 126 West Sixth Street, East Liverpool, Ohio, phone No. 385-12, on or before the 16th day of December, 1963, at which time the bids will be publicly opened and read for the purchase of \$17,150 bonds, authorized by ordinances passed September 16, 1963. Bids shall be sealed and endorsed as follows: "Bids for the purchase of \$17,150 City of East Liverpool Bonds (Three Issues)."

1. \$20,500 Series Department Bonds, for the purpose of purchasing land and equipment for the Department of Public Service, in the denomination of \$1,000 each, except bond No. 1 of the denomination of \$1,000, maturing \$4,000 on December 1, 19

People In News

MOSCOW (AP) — Urko Kekkonen, president of Finland, declined to discuss details of the settlement.

LYNCHBURG, Va. (AP) — Former Vice President Richard M. Nixon, his wife and their daughter, Patricia, 17, visited Sweetbriar College Friday.

PENNSBURG, Pa. (AP) — Frank B. Dietz has voluntarily turned in his driver's license, saying his reflexes "just aren't what they used to be."

NEW YORK (AP) — Sybil Burton's attorney says she and her actor-husband, Richard Burton, have reached a financial

settlement but that no divorce is in the works.

Aaron Frosh, the attorney, declined to discuss details of the settlement.

Burton left his wife for screen star Elizabeth Taylor, who is with him in Mexico where he is making a film.

LOS ANGELES (AP) — Arthur Loew, former stepfather of the late actor Tyrone Power's son, wanted the 4-year-old boy, also named Tyrone Power, to keep "Loew" as his last name.

Loew, a wealthy man-about-town, married Power's widow in 1959 and adopted her child, who was born after Power died in Spain.

Junior Editors Quiz on THE COMPASS

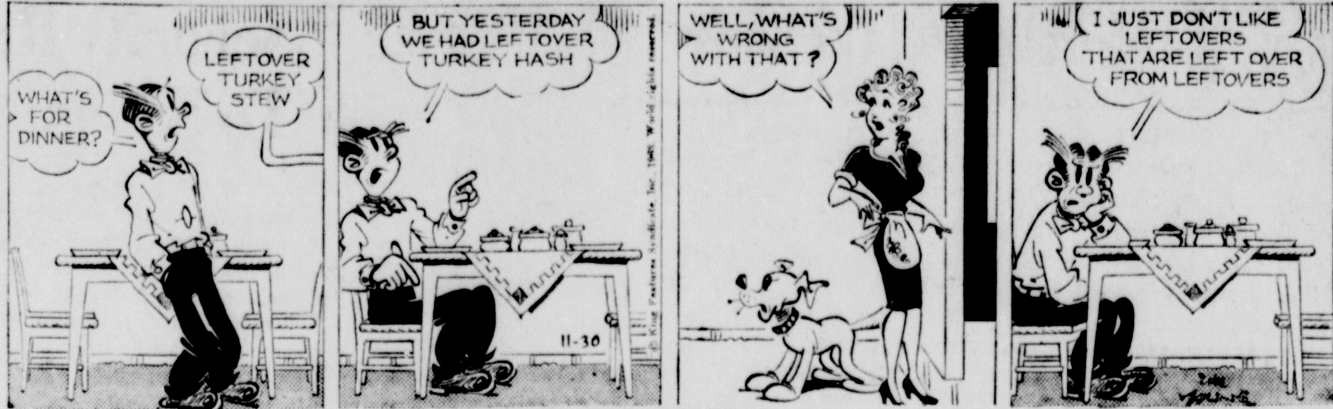

QUESTION: If you took a compass to the North Pole which way would the needle point?

ANSWER: It would point as the black arrow points in (A); toward the North Magnetic Pole. Although compass needles (that is, the north end of them) point in the general direction of north, they rarely point to the true or geographic north, that point which is the northernmost end of the axis line which goes through the center of the earth. The reason is that the metal compass needle has been charged with the mysterious force called magnetism, which makes one end always point toward the Magnetic North Pole. This is the center of the earth's magnetism in the northern hemisphere, and it is located 1054 miles from the true North Pole, at the spot marked by the black cross, among the islands of northern Canada. Its location can be seen more clearly in (B) where the compass arrows in different locations point toward it. Compasses below the equator point south toward the South Magnetic Pole, located in the Antarctic continent.

When, in ancient days, it was found that bits of the mineral magnetite would point north when suspended from a string, it was used to lead travellers over land and sea, and so called "leadstone" or "lodestone." Later it was found that pieces of metal could be magnetized and so the modern compass came into being.

FOR YOU TO DO: See if you can understand the compass diagram at lower right. Each place will have a different variation according to its location. Sailors, when reading their compasses, will allow for variation.

## Boys' Statements Are Ruled Out In Attack Case Trial

CLEVELAND (AP) — Written statements police say three youths made admitting they participated in an attack on a teenage couple last June cannot be used in the boys' trial, which begins Monday.

That was the ruling Friday by Common Pleas Judge Thomas J. Parrino, who also ruled the boys will be tried in one case. In ruling out the statements as evidence, Judge Parrino said the boys made the confessions before being given an opportunity to speak to their parents. At an earlier hearing in juvenile court, Thomas Figgin, 18, one of the victims, could identify only one of his assailants. His 15-year-old companion, who was raped, could not identify any of the youths as being one of her attackers. Both were hospitalized after the attack in Sowinski playground on the east side.

The youths, Charles Clark and Jerome Martin, both 16, and Robert Gould, 17, have been charged with assault to kill and rape. Three younger boys arrested in connection with the attack were found delinquent in juvenile court and are free pending the outcome of this trial.

## 4 Of 5 Feared Lost When Yacht Sinks

MIAMI, Fla. (AP) — An 85-foot yacht with five persons aboard apparently sank in stormy seas off the Georgia coast. One person was rescued by a Navy minesweeper and he told the Coast Guard the other four went down with the boat. A nightlong search was conducted about 90 miles east of Savannah in high winds. The identity of the survivor from the yacht, Judy, was not known immediately. Sources in Norfolk, Va., where the yacht left Nov. 24 for Miami, identified three of those aboard as Cmdr. and Mrs. Amador Coberg of Lakewood, Calif.; and Bob Stanton, Marine mechanic from California. There was no word on the identity of the other two.

## In Wake Of Kennedy Slaying Security Rules Tightened To Safeguard Governors

NEW YORK (AP) — Security measures aimed at safeguarding the lives of governors were tightened in some states in the wake of President John F. Kennedy's assassination last week, an Associated Press survey showed today.

Many other states declined to beef up their security details, however, in the belief that their chief executive already was well enough guarded.

Some states reported studies under way to determine if tighter security should be adopted.

A few states reported their governors went about everyday chores with no security protection and said the practice would continue.

In a few instances officials increased gubernatorial security measures for a day or two after the President's death, then dropped back to the normal complement of security personnel.

Most attention focused on the guard assigned to Texas Gov. John B. Connally, wounded by gunfire as he rode with President Kennedy.

Col. Homer L. Garrison, director of the Texas Department of Public Safety, declined to specify how many guards had been assigned to the hospital in Dallas where Connally is recuperating.

"Adequate security is provided for the governor and will

continue to be provided in the future," he said.

Prior to the assassination, Connally reportedly had one guard assigned to him and many times went out without him.

About 25 members of the Department of Public Safety have been seen taking turns on around-the-clock guard at the Dallas hospital.

## Woman, 105, Gets Late President's Note

SPOKANE, Wash. (AP)—Jennie D. Bassett turned 105 Tuesday, and relatives say she got "lots and lots" of cards, cakes and flowers.

But one of Mrs. Bassett's most treasured remembrances is a birthday card from the White House signed by the late President John F. Kennedy. It was postmarked in Washington, D.C., Friday, Nov. 22, the day the president was assassinated in Dallas.
